Major low tar brands tested!

Real's natural taste beats all leading low tar brands in national taste test*

The Natural Cigarette.
All major brands enhance their flavor artificially. Only Real gives you all natural taste because Real uses only the finest tobacco blend to which nothing artificial has been added. Nothing. You get great satisfying taste. And all of it is natural. All of it. Now enjoy the cigarette that says it tastes best—and proves it. Low tar Real, the natural cigarette. Only 9 mg. tar.

***The National Test.**
Regular king-size filter smokers—both full-flavor and low tar smokers—tested Real Filter and major non-menthol low tar brands. Each person smoked one low tar brand on an unidentified basis and rated it. Real Filter was rated higher overall than every low tar brand tested. It was rated higher on taste, satisfaction, natural taste and rich flavor. Yet Real has only 9 mg. tar.

The natural cigarette. Nothing artificial added.
