

**AT ODDS** - Paul Wells (top photo), president of laborers union local and Cleveland mayor Dennis Kucinich (bottom photo). Kucinich announced Dec. 18 that extensive lay-offs will occur for city personnel beginning Jan. 2, 1979 to help resolve the city's financial dilemma. Wells said that if as much as one person is laid off, all of the city's union will strike. Pictured with Kucinich is safety director James Barrett. (UPI)

### CCB Branch Directors Meet

The annual joint meeting of Central Carolina Bank branch boards of directors was held today at the Crossdale Country Club in Durham, 168 of the bank's directors attended the meeting which featured a report from the bank's management.

CCB Chairman of the Board George Watts Hill presided over the meeting and introduced CCB President William L. Burns, Jr. who discussed the bank's bond portfolio activity during the 1978. Executive Vice President Edward W. Back, Jr. told the directors that forecasts made during November showed that the bank's year end assets could exceed \$450 million for the first time in history. Back said, "Our earnings have been breaking records all year, and we could earn as much as \$5 million after taxes and before securities transactions for the year. If we accomplish this record, it will mean that our earnings before securities transactions will have increased 25.2% in 12 months and 47.1% in 24 months."

The keynote speaker at the meeting was Dr. Albert Cox, President Merrill Lynch Economics, Inc., who is a frequent

commentator on the effects of the economy on banks. Dr. Cox spoke about the economic outlook for 1979.

### Winter Car Care Tips

To help keep your car running in cold weather without your getting hot under the collar because of unnecessary repair bills, here are some tips on car care:

1. Tune-up your engine. Regular normal wear and tear, spark plugs, distributor caps, rotors, spark plug wires, etc., become less efficient and prone to failure. One early warning sign of the need for a tune-up is a drop in gas mileage.
2. Check your antifreeze. Pour in more coolant if needed and if there is rust in your coolant, drain the radiator and refill with fresh antifreeze. An expert at the Fram Corporation advises the coolant level be checked often, but only when the engine is cold.
3. Change to a multi-viscosity oil, such as 10W-30 or 10W-40, to make sure the oil is thin enough to lubricate the engine effectively.
4. Change your oil filter if it is dirty or clogged. Oil

by passing a clogged filter will not be cleaned and dirty oil doesn't lubricate as effectively as clean oil. In warm climates, oil is subject to the same dirt and clogging problems. Oil changes should be done more frequently if you do a lot of stop and go driving or trailer towing, or make many short trips around town. If you don't put a lot of miles on your car, the oil and filter should be changed at least every six months.

Even if you live in a bitter cold area, knowing your car has been winterized will give you a warm feeling.

### TIPS FOR THE MOTORIST

#### How To Be A Better Driver

Just because you have a good driving record doesn't mean you're a good driver. You could just be a lucky one.

Skillful driving means more than physically getting a car from Point A to Point B. Being able to mentally sense what's going on around you and detecting potentially dangerous situations are often more difficult. To be a really good driver, you must master both physical and mental skills, according to a Driving Skills book published by Shell.

Overall, you should remember the three O's of driving: cooperation, communication and concentration.

#### Cooperation

Competition driving's great on the race track. It has no place on the freeway.

Tailgated? Don't slam on your brakes or be intimidated into driving too fast. Slow down and give the tailgater every opportunity to pass.

And when you're cut off, back off. Cut off again? Back off again. If you get frustrated and start following too close, you're only increasing your chances for a rear-end collision. Keep a level head. Be calm. Never let emotion get the best of you.

#### Communication

Don't isolate yourself. Let other drivers know what you plan to do. Use your signals.

#### Concentration

Drive defensively. Be alert. Keep your mind on driving.

### VACANCIES

[Continued From Front]

Superior Court Judge Harvey A. Lupton of Winston-Salem, September 1979 Superior Court Judge Peter Hariston of Advance, August 1983; Superior Court Judges John D. McConnell of Pinehurst, July 1980; Albert W. Cowper of Kinston, July of 1981; A. Pilston Godwin of Raleigh, October 1982; and J.W. Jackson of Hendersonville, February of 1983.

District Court Judges who will be forced to retire include: Ralph Davis of North Wilkesboro, February 1981; Gordon Gentry of Greensboro, April 1980; Norris Reed, Jr. of New Bern, Charles H. Whedbee of Greenville, John Walker of Wilmington; Joseph D. Blythe of Ahoskie; Ben H. Neville of Whitakers; Edward E. Crutchfield of Albemarle; and P. Powers Beauchamp of Charlotte.

The state's judges are paid salaries according to the levels of the bureaucracy they function. Supreme Court justices earn \$47,000 yearly and the Chief Justice \$48,000. Court of Appeals judges earn \$44,000 yearly and the Chief Judge \$45,000. Superior Court judges earn \$39,500 yearly and \$5,500 for travel and expense money. District court judges earn \$32,000 annual plus \$27 a day travel and subsistence.
