## THIS HOMELY SIGN IS VERY ATTRACTIVE TO HOME BUYERS

When you look for a new home, look for this sign in the yard. It means the house offers a beautiful savings on energy costs, year after year.

In fact, our thermal control plan for Energy Efficient Structures can save up to one third on heating and cooling bills. And qualify you for the lowest electric rate at Duke Power.

Experts call EES the house of the future. Yet, it starts paying off the day you move in. And that's the most attractive feature of all.

If the house you're interested in is still being built, it's not too late. In most cases, EES can be applied while a house is still under construction.

For more information and a free EES booklet, contact your local Duke Power office, or write: Duke Power Company, P.O. Box 33189, Charlotte, N. C. 28242.

Duke Power

**YOU CAN'T AFFORD LESS THAN EES**

Rep. Diggs Leaves House

WASHINGTON - Rep. Charles Diggs, D-Mich., leaves the House floor after the House voted overwhelmingly in favor of a resolution of censure for padding his payroll and taking kickbacks from his staff in the mid-1970s. The vote was 414-0 with four members voting "present". UPI
