

HOW TO BE ALL YOU CAN BE ...WITH THE ARMY.

We're a modern Army with a need for responsible, motivated people...people to program computers, analyze blood, repair and maintain aircraft, draw maps, man radios, take photographs, drive tanks and trucks, repair missiles and radar systems... people who are ready to learn and do more.

That makes the Army a good choice for you.

The Army offers you more opportunities for...

SKILL TRAINING

The world of data processing comes alive as this young woman practices her new computer skill.

A medical specialist at work in an Army hospital.

...more skills to choose from. You select and qualify; we guarantee that skill—one to match your talents. Your interests.

...more opportunities to practice your skill. So there's more room for advancement. You polish that skill, gain more expertise, and move up...gaining confidence and pride all the way.

SCHOOLING

Quiet study time at the on-post library.

A new country to explore—and free-time to do it—for this group of Army buddies.

...more slots for special school opportunities. You won't stand still in the Army. The more you know, the better it is for you...and the Army.

...more posts around the world. Whether you ask for and get a post in another state—or another country—you can have the excitement of experiencing new places.

And that's not all. Look at what you get. Good pay and benefits; financial help for college; and time that's yours to enjoy sports and recreation facilities on and off post. Plus, there's the challenge to go as far as your abilities will take you. **BE ALL YOU CAN BE.**
