SOUTHERN ARTS FEDERATION (SAF) — is seeking performing arts groups to include in its 1982-83 touring program. Southeastern performing arts groups interested in touring in the region beginning in September, 1982 should contact SAF immediately for application information. The deadline for application is April 15, 1981.

Each year SAF assists a limited number of professional touring theater, dance, opera and music groups with partial fee support to qualified sponsoring organizations in the Southeast. Performing groups are chosen based on their application, funds available and demand in a given art form.

A performing group must have a firm commitment from its board of directors, administrative staff and artists to the concept of touring for community audiences; a history of sound administrative and artistic direction and a regional or national reputation that demonstrates a high level of accomplishment. In addition, their artistic product, structured programs of educational value, and a demonstrated history of successful touring in their resident state will place the applicant in a favorable light.

SAF is a regional arts service organization with membership including the state arts agencies of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North and South Carolina, Tennessee and Virginia.
