## Skyyport Is Soaring

SKYY — the million-selling group whose "Skyyport" LP is soaring up the record charts — loves Brooklyn. And it's little wonder. SKYY got its start in the Brooklyn basement of leader Solomon Roberts, whose patient parents managed to tolerate a steady stream of music oozing through the floorboards of their living room. In this photo, SKYY are shown on their way back to their Brooklyn base (they still live in the New York Boro) after a sold-out concert tour in the southern U. S. Shown here, from left to right (bottom row) are SKYY's Gerard LeBon, Bonne Dunning, Dolores Dunning-Milligan, Butch Sierra, Denice Dunning-Crawford and Larry Greenberg; (top row, left to right) Solomon Roberts, Tommy McConnell.
