## THE STAPLE SINGERS

"What's kept us together is real basic, real simple: we're united as a family and what our music is about is love and it reflects the togetherness we have as a family." That's the unanimous opinion of Roebuck "Pops" Staples and his daughters,

Mavis, Cleotha and Yvonne, and it's borne out by the music found in "Hold On To Your Dream", the exciting album which marks this legendary team's first for 20th Century-Fox Records (distributed by RCA Records).
