La Petite Gardeners At Duke Power Company

La Petite Gardeners recently visited the Duke Power Company where Ms. Bernadette Jones explained the Residential Conservation Program and demonstrated the making of Christmas decorations. Ms. Jones told the gardeners how they could conduct their own do-it-yourself analysis using a complete instruction booklet or by having one of Duke Power's energy specialist visit and inspect their homes. Ms. Jones then demonstrated the making of Christmas decorations. Some of the most fascinating were: rake in compliments, pet stocking, pompon doorknob wreath and the snowman. Booklets containing instructions for making Christmas decorations, background information about the RCS program and recipes were distributed to members. Refreshments were served from a beautifully decorated table with an attractive Christmas Bread Centerpiece made and demonstrated by Ms. Jones. The Junior La Petite Garden Club attended a similar demonstration November 23.
