

City Moves To Keep Klan From Testifying

GREENSBORO — On Thursday, January 7, the City of Greensboro took legal action to stop the public testimony of Klansman/police informant Edward Dawson and Nazi Raeford Caudle about their roles in the November 3, 1979, Greensboro Massacre.

Lawyers for the City filed a motion in Greensboro District Court for a "Protective Order" that would shield these two from answering questions under oath about their role in the killings of five Communist Workers Party

labor organizers at an anti-Klan march in Greensboro.

Caudle's and Dawson's testimony, scheduled for February 1 and 2, is to be part of the discovery process of the \$48 million Greensboro Civil Rights Suit filed on behalf of the widowed and injured of the attack, by the Greensboro Justice Fund. The suit names as defendants Klansmen, Nazis, and local, state, and federal police agents and officials alleged to have been involved in the killings or subsequent cover-

up.

Dawson, a former FBI informant, admitted in an interview with the Institute for Southern Studies, released in October, 1981, to recruiting for and organizing the Klan/Nazi caravan that attacked the marchers while working as an informant for the Greensboro police he led the caravan to the march starting point with police officials on the morning of November 3. Dawson was never called as a witness by the Guilford County District Attorney. Six Klansmen

and Nazis were subsequently acquitted by an all-white jury despite videotape evidence of the actual shootings.

According to Nazi testimony, Raeford Caudle was present at pre-November 3 planning meetings that included Bureau of Alcohol, Tobacco, and Firearms agent Bernard Butkovich, who infiltrated the Winston-Salem group. Caudle participated in the caravan, owned most of the guns used and the car that carried them.

LA PETITE JUNIOR GARDEN CLUB installed officers recently. From left to right: president, Miss Kacia Samuel; vice president, Miss Tiffene Jones; secretary Miss Kathy Mann; assistant secretary Miss Sherry Smith; treasurer, Miss Willie Webb; Miss Vivian Timic, club coordinator.

Awarded Research Grants At A&T

Recently awarded research grants by the Transportation Institute at A&T State University are (left to right) Larry Bivens, Hamlet; Herbert Nwanko, Nigeria; Ms. Rachel Willis, Burlington; Christopher Onyemem, Nigeria; and Johnny Benfield, Thomasville. The grants pay up to \$2,800 each.

Meet Set For Community College Budget Needs

RALEIGH — Five public meetings will be held across the state this month to pinpoint what the state's 58-campus community college system will ask the General Assembly to fund in 1983.

The meetings are a major part of the system's preparation of its expansion budget request for the 1983-85 biennium. Representatives from eleven to twelve institutions will be at each meeting to participate in preparing a budget that best represents the total needs of the system.

The two-hour meetings will begin at 7:30 p.m. with an introduction to the budget process by Dr. Larry J. Blake, state president of the Department of Community Colleges, and an overview of the system's history by Robert E. Strother, assistant for federal affairs in the DCC.

At 8:30 p.m., participants will meet in small groups to develop their own expansion budgets and assign priorities.

In addition to community college system

presidents, trustees, staff and students, legislators and interested citizens also are expected to participate.

The meeting dates and locations are: Tuesday, Jan. 19, Asheville-Buncombe Technical College, Asheville; Wednesday, Jan. 20, Forsyth Technical Institute, Winston-Salem; Thursday, Jan. 21, Richmond Technical Institute, Hamlet; Tuesday, Jan. 26, Edgecombe Technical Institute, Tarboro and Wednesday, Jan. 27, James Sprunt Technical College, Kenansville.

Expansion budgets are prepared by all departments and agencies of state government to meet needs that are not anticipated or provided for in their continuation, or regular, budgets. In the case of the community college system, these needs could include additional funding for enrollment growth or new programs or to make improvements in such areas as training equipment.

Expansion budget requests will be considered by the General Assembly when it convenes in January, 1983.

1982 Expected To Bring 7% Food Price Increase

According to Edwin A. Sieveking, vice president, Mid-Atlantic Marketing Area, The Kroger Company, "the food price picture for the first half of 1982 is much the same as we have seen for the past several months — continuing slow food price inflation. Through mid-year, we expect about a four per cent or five per cent increase in food prices overall. After that, the influence of the success of next year's crops make it difficult to be specific, but we're expecting about a seven per cent overall increase in food prices for the year."

Sieveking provides the following general background information on the outlook for this year:

Marketing Costs — Marketing costs — for energy, labor, transportation, processing, packaging and all the steps needed to bring foods to market — will account for most of the increase in food prices this year. The USDA reports that labor costs, which nationally rose an estimated ten per cent last year have been a major contributor to the overall food price rise. For the first time in four years, there will be no increase in the minimum wage this year which may have a slight positive effect on labor costs. But labor costs, combined with continued sharp rises in fuel costs, electricity rates and packaging costs, will probably mean food price increases.

Produce — The produce outlook for the first half of this year is good news. Compared to an overall twelve per cent increase in 1981, produce prices this year are expected to be close to or even below last year's price levels. The fall 1981 bumper potato crop will keep potato prices 25% to 30% lower than last year. However, a short onion crop will push onion prices up nearly 15% to 20% through the first quarter of 1982.

The Florida grapefruit, orange and variety citrus crop is expected to be about normal, despite some tree damage from last year's freeze. As a result, prices for fresh grapefruit, oranges and orange juice concentrate will be lower. [Written Monday, January 11, prior to the freeze that hit the citrus belt this week.] The Texas grapefruit crop, recovering from a low production year, is expected to be up by nearly 25% — assuming no severe freezes. The overall California navel orange crop will be down from last year's record levels, but will be at or below 1981 price levels through mid-April. Imported fruit from South America including grapes, peaches, plums and nectarines will be priced lower in 1982, thanks to a good harvest and increased production. Imported fruit offers the consumer fresh summer fruit from January through April when domestic fruit again becomes available.

Dairy and Eggs — The 1982 dairy outlook will be much the same as last year. Large stocks of dairy products will probably hold price increases below the average rate of increase for all goods.

Egg production in the U.S. this year is expected to decline four per cent to five per cent, a trend which began in 1981 as consumers turned to alternative protein foods. Even at somewhat higher prices, eggs are still a bargain source of high-quality protein.

Meats — The U.S. Department of Agriculture predicts pork production will continue to decline in 1982, as farmers continue to cut back in response to falling pork prices and a surplus supply in 1980. The estimated five per cent to six per cent decline in pork production this year will not dramatically affect meat prices overall because beef and poultry supplies are expected to increase — beef by about 1.5% and poultry by about five per cent. Meat prices usually reflect the total supply of meat available. Meat prices in general should rise about five per cent this year, mainly due to increasing marketing costs.

Canned Goods — The outlook for canned fruits and vegetables is mixed. Low sugar prices will help to hold the price line on many canned fruits, but processed vegetables are another story. With less acreage planned for planting, vegetable tonnage for canning is expected to be down at least four per cent. Overall, USDA is predicting a nine per cent to ten per cent increase in processed fruit and vegetable prices in 1982, with rising marketing costs also playing a role in the increase.

Baines Named Vice Chancellor

Dr. Tyrone R. Baines has been appointed Vice Chancellor for University Relations at North Carolina Central University. The appointment, approved Friday, January 8, by the Board of Governors of the University of North Carolina system, was made and announced by Chancellor Albert N. Whiting.

Baines is a professor of political science at North Carolina Central University and has directed the university's award-winning Public Administration Program since its creation in 1972.

The new vice chancellor will supervise the operations of the university's Admissions Office, Alumni Affairs Office, Athletic Department, Career Counseling and Placement Center, Development Office, News Bureau, Office of Public Relations, and Security Office.

Baines, 38, holds the Ph.D. degree in Public Administration and Urban Affairs from the University of Maryland. He also holds the Master of Arts degree from the University of Maryland Graduate School of Government and Politics. He holds the Master of Social Work degree from the University of Pennsylvania School of Social Work and received his bachelor of arts degree cum laude from Morgan State College.

In 1978-79, Baines was an American Council on Education Fellow in Education Administration. That fellowship is designed to prepare young academicians for senior administrative posts in higher education, and supports internship experiences in a variety of colleges and universities. During his year as a Fellow, Baines worked as an intern at Duke University, the University of North Carolina General Administration, Hampton Institute, the University of Wisconsin Central Administration, the University of Wisconsin at Oshkosh, the University of Wisconsin at La Crosse, and NCCU.

From 1974 to 1975, Baines was a senior

DR. BAINES

faculty member in the Federal Executive Institute at Charlottesville, Va. He led seminars for upper-level U.S., state, and municipal administrators in such as Minorities in Management, Equal Employment Opportunity, Organizational Development Urban Administration, the Principles and Techniques of Management, Conflict Resolution, and Interpersonal Relationships.

Baines has completed the intensive six-week course of the Harvard University Business School's Institute for Educational Management.

As director of North Carolina Central University's Public Administration Program, Baines wrote funding proposals and administered grants and contracts for the U.S. Department of Labor and the W.K. Kellogg Foundation, as well as other agencies.

Baines has served as director of an Adolescent Day Care Program and counselor for Children's Services, Inc., of Philadelphia; as an administrative officer, social work officer, and training officer in the U.S. Army Medical Service Corps, with the rank of captain; as a consultant for the U.S. House of Representatives Committee on House Administration; as an official of the U.S. Office of Economic Opportunity; and as a consultant in management practices, human relations, and race relations.

He has taught at the University of Maryland, the University of North Carolina at Chapel Hill, and the University of Southern California's Washington Public Affairs Center.

Baines is married and the father of two children, Tyrone II, age 13, and Tonita, age 7.

He was born in Exmore, Va., and graduated from Dover High School, Dover, Delaware.

He is a member of the National Council of the American Society for Public Administration and a member that society, the National Association of Social Workers,

the Academy of Certified Social Workers, the American Political Science Association, the National Conference of Black Political Scientists, the National Association of Schools of Public Affairs and Administration, and the National Institute of Public Management.

Six A&T Students To Receive Grants

GREENSBORO — The Transportation Institute at A&T State University has selected six university students to receive research assistantships.

The grants for 1981-82 and valued up to \$2,800 each, have been awarded to Larry Bivens, transportation major of Hamlet; Herbert Nwanko, a transportation major of Nigeria; Ms. Rachel Willis, an industrial technology major from Burlington; Christopher Onyemem, an architectural engineering major from Nigeria; Johnny Benfield, an industrial technology major from Thomasville; and Michael Cureton, a transportation major from Charlotte.

According to Dr. Arthur Saltzman, director of the institute, the students will assist faculty members in research related to transportation concerns. They will also participate in field trips, seminars and conferences sponsored by the institute.

"We hope that this meaningful involvement of these students in transportation research and training," said Saltzman, "will motivate them to seriously consider possible careers in the transportation field."

The A&T Transportation Institute, a program of the School of Business and Economics, has become a regional center for training and research in urban and rural transportation problems. The center has assisted a number of communities with transportation concerns and has published a number of important transportation research reports.

Your City Council

January 18-29, 1982

The Durham City Council will hold a regular meeting Monday night at 7:30 p.m. in the City Council Chambers of City Hall. The meeting is open to the public.

- City Government meetings scheduled during the next two weeks include:
- JANUARY 18, 1982
 - 12:00 p.m. COMMUNITY SERVICES SUBCOMMITTEE ON ETA ASSISTED HOUSING SITES (Council Committee Room/2nd Floor)
 - 7:30 p.m. CITY COUNCIL MEETING (Council Chambers/1st Floor)
 - TUESDAY, JANUARY 19, 1982
 - NO MEETINGS SCHEDULED
 - WEDNESDAY, JANUARY 20, 1982
 - 9:30 a.m. COMMUNITY SERVICES COMMITTEE (Council Committee Room/2nd Floor)
 - 3:30 p.m. CATV ADVISORY BOARD (Council Committee Room/2nd Floor)
 - THURSDAY, JANUARY 21, 1982
 - 2:30 p.m. FINANCE COMMITTEE (Council Committee Room/2nd Floor)
 - 8:30 a.m. SUBDIVISION REVIEW BOARD (Inspections Conference Room/3rd Floor)
 - MONDAY, JANUARY 25, 1982
 - 2:15 p.m. PUBLIC WORKS COMMITTEE (Council Committee Room/2nd Floor)
 - 6:30 p.m. CITIZENS ADVISORY COMMITTEE ANNUAL MEETING (Downtown Motor Inn)
 - TUESDAY, JANUARY 26, 1982
 - 10:00 a.m. BOARD OF ADJUSTMENT (Council Committee Room/2nd Floor)
 - WEDNESDAY, JANUARY 27, 1982
 - NO MEETINGS
 - THURSDAY, JANUARY 28, 1982
 - 10:00 a.m. COMMITTEE-OF-THE-WHOLE (Council Committee Room/2nd Floor)
 - 5:00 p.m. EXECUTIVE COMMITTEE OF THE HUMAN RELATIONS COMMISSION (Personal Briefing Room/1st Floor)
 - FRIDAY, JANUARY 29, 1982
 - 8:30 a.m. SUBDIVISION REVIEW BOARD (Inspections Conference Room/3rd Floor)

NOTE: All meetings are held in the City Hall, 101 City Hall Plaza, unless otherwise indicated. Additional meetings may be scheduled after this list is submitted for publication. Free parking is available during the Council Meeting in the Chapel Hill Street Parking Garage, located across Mangum Street from City Hall. The City Council meeting will be carried live on CABLEVISION CHANNEL 8.

Any Citizens wishing to be heard on agenda matters, please call 603-4186, City Clerks Office, to place your name on the speakers list.
