TIPS ON USING BAKING SODA TO SAVE TIME & MONEY

"Hooray! We're saved—from sunburn, prickly heat, bad breath and acid indigestion."

READ THE BOX

Although it's not on the bestseller list, add the baking soda box to your "must reading" list. Each size Arm & Hammer Baking Soda box features a variety of household and health and beauty tips which change from season to season. Here's a preview:

- Keep your cat's litter first-day fresh. Cover the bottom of the box with baking soda and add cat litter on top.
- For better baking results, buy a "fresh" box of baking soda.
- Baking soda is an effective non-abrasive dentifrice.
- Place an open box of baking soda in your freezer. Just as it does in your refrigerator, it eliminates odors. Pour the used box down the drain or garbage disposal to sweeten and freshen.
- Save energy by operating your dishwasher only when it's completely full. Between washes, toss a handful of baking soda (about 1/4 cup) into the bottom of the machine to reduce odors.
- Add 1/2 cup baking soda to the bath water. It's a 100 percent natural bath additive that will soothe and soften skin. And it helps relieve minor skin irritations—sunburn, insect bites and stings.
