### History Quiz

Which Boston monument was erected to commemorate the contribution of a black participant in the Revolutionary War?

"The Crispus Attucks Monument, which stands in Boston Commons, was dedicated in 1888 to the five victims of the Boston Massacre. Among these was Crispus Attucks, an ex-slave from Framingham, Mass., who led the group which converged on the British garrison quartered in King Street to enforce the Townsend Acts. Attucks was the first of five killed when a panicked British soldier fired into the gathered patriots."
