### Household Hints

By Samantha of Lestoil Homemakers Service

Decorating on a budget? Use paint in zingy, not timid, colors instead of expensive wallpaper. (For the look of wallpaper, add designs with easy-to-use stencils.) Or try tile-patterned stick-on paper instead of high-priced ceramic tile. Shop industrial sources instead of fancy stores for metal shelving, easy-care industrial carpeting, good-looking light fixtures.

Do-it-yourself decorating is easier with Lestoil, the incredible household cleaner. Use full-strength Lestoil to wipe up fresh paint spills without a trace. To rejuvenate paint brushes, soak overnight in a solution of a half cup Lestoil to a pint of water. To keep your new surroundings sparkling, add a quarter cup of Lestoil to a gallon of warm water and wipe painted walls, cabinets, appliances.
