

## Beauty Tips For The Upcoming Season

Fashions this season are exulting in the glory of elegance and style! The excitement is building to a crescendo with the approach of the holidays. Gone is the fashion attitude of "anything goes"; it's been replaced with a mood of opulence and splendor. Best of all, this revival of glamour need not deplete your purse; just use your head to achieve your own special style.

Wipe away thoughts of neutral colors. Instead, conjure up images of daring shades of fuchsia, magenta, crimson, and plum. Be sure to add a dash of bronze, pewter, copper and gold. To complete the picture, your magnificent style must be mirrored in your makeup.
