\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Many new ideas were discussed, as to how interest might be maintained in the club.

Those who joined were: Messdames M. D. Curtis, J. W. Godwin, R. L. Phelps, H. H. Honeycutt, W. G. Smith, William House, J. N. Vann and Lillie Garrett, Misses Patty Leary and Bettie Sessions.

A Big Day at Meherrin.

American George Lodge No. 17 has been invited and will lay the corner stone of the new Meherrin Baptist Church just outside of this town on Wednesday, November 18th. The Grand Master, J. T. Alderman of Henderson will be present and also the Grand Tyler, R. H. Bradley of Raleigh, and the Lodge at Jackson, Pendleton, Potocasi, Rich Square, Ahoskie, Winton and Harrellsville, have been invited to be present. It is the intention of the congregation also on that day to have special service, and as I understand it, will serve a public dinner on the grounds.

These people have constructed and furnished at a cost of about \$5000 a very large and handsome new Church near the site of the old which as you know was erected first about 1735, and is, with the exception of Shiloh Church in Camden County the oldest Baptist Church in the State. They have a membership of something three hundred and fifty or four hundred people and expect to make this a big day and they would thank you to give an appropriate notice of it in your paper of this week, inviting all readers to be present.

The Lamb Skin.

Here's a Toast to the Lamb Skin more ancient by far.

Than the fleece of pure gold or the eagle of war.

It is an emblem of innocence more noble to wear.

Than the Garter of England, or an order as rare.

Let the king wear the purple and point to his crown.

Which may fall from his brow when his throne tumbles down.

COTTON LOAN FUND PLAN NOT ILLEGAL

ATTORNEY GENERAL GREGORY SAYS PLAN DOES NOT VIOLATE FEDERAL LAW

SUCCESS TO MOVEMENT SURE

President Wilson Asked the Attorney General For An Opinion.—Up to New England Bankers.

Washington.—No violation of Federal anti-trust laws is threatened by the cotton loan fund plan recently perfected by bankers and members of the Federal Reserve Board, according to an opinion handed down by Attorney General Gregory at the request of President Wilson.

Success of the \$135,000,000 pool now is believed by treasury officials to be assured. More than \$80,000,000 of the \$100,000,000 to be raised among northern bankers already has been subscribed and practically all of the remainder, it is understood, had been promised on condition of a favorable opinion from the Attorney General.

New England financiers, it was said, were reluctant to enter the plan until definitely assured that the method of raising the fund would not be construed as unlawful.

Attorney General Gregory's opinion was rendered after a conference with President Wilson. The Treasury Department made public the following correspondence:

"The White House, 'My Dear Mr. Attorney General: 'I am sending the enclosed papers, submitted to me by the Secretary of the Treasury, in order to ascertain whether in your opinion the proposed cotton loan fund may be lawfully formed. I know that it is contrary to the practice of the department of five opinions beforehand as to contemplated transactions, and I think that such opinions ought never in ordinary circumstances to be given, but the circumstances with regard to the handling of the great cotton crop which have been created by the European war are most extraordinary and seem to justify extraordinary action. It is for that reason that I venture to ask you to depart in this case from the usual practice of your department.

"It occurs to me that the fund contemplated stands in a class by itself. It is hardly conceivable that such arrangements should become settled practices or furnish precedents which would be followed in the regular course of business or under ordinary conditions. They are as exceptional in their nature as the circumstances they are meant to deal with and can hardly be looked upon as, by possibility even, dangerous precedents. It is for this reason that I feel the more justified in asking for your opinion in the premises.

"Cordially and sincerely yours, (Signed)

"WOODROW WILSON."

Mr. Gregory replied at once to the President's letter stating that he was unable to see how such a plan could be thought to fall within the purview of the anti-trust laws.
