There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Peanuts were moving here last week and a great many were bought and shipped. The prices were fair for the quality offered. The movement of peanuts has relieved the financial situation here somewhat. Business seems to have picked up some and the outlook for the late fall seems to be good.

If every man who lived in a town was a booster for his town, a fine results could be seen. Every citizen owes it to his town to speak well of it and to encourage every movement which tends toward progress. A united community is one of the greatest assets that community can have, especially if united on progress. If you have recently moved to another town, it is your duty to take an interest in and help that town, to set your shoulders to the wheel of progress and help push. No community wants a dead citizen, a knocker or a pessimist. The kind of citizens who never sees any good in his home town, who speaks slightly of efforts put fourth for its welfare, who tries to down every good movement started is an undesirable citizen, a drag on the community. If a town is good enough to boost. If one has made a choice of his home town, he should certainly do his part to make that town a live centre.

The Union meeting at Republican was a success in every particular. A large crowd from here attended every day and all report a splendid gathering.
