Before it gives the highest motor car service at lowest cost, the Ford is the one car you'll find in large numbers and in constant use, in every land. It's a better car this year than ever before—but it sells for \$60 less than last year.

The Ford is everybody's motor car because everybody can easily understand and safely operate it. Doesn't take a skilled mechanic to operate or car for the Ford. Less than two cents a mile to operate and maintain the Ford. With "Ford Service for Ford Owners" your Ford car is never idle.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915. Runabout \$440; Touring Car \$490.
