Annual Meeting Bertie Farmers

County Union Held Great Rally
Thursday at Windsor; Over
Two Thousand Present.

Windsor, July 24.—The annual meeting of the Farmers' Union of Bertie county was held here Thursday. The attendance was large, reaching over two thousand people. No untoward event of any character marred the day's pleasure. The ladies had decorated the courtroom with flags and bunting and also with a beautiful display of farm products. The exercises were enlivened by the Rocky Hock brass band, an organization composed entirely of farmers. Farmers and sons compose the membership and make it more unique.

James Lawrence Harrington, president of the County Union, called the meeting to order and made an excellent address. A quartette composed of Messrs W. J. Daniels, W. F. Daniels, J. W. Lassiter and J. Jordan Ward, sang a magnificent piece of music and were forced to respond to an encore. The farmer boys know just how to make the notes ring out harmoniously. Rev. W. T. Asbell, chaplain, led in prayer. Hon. Francis D. Winston welcomed the visitors to the town. It was a hearty handshake he gave each one present and all at once felt entirely at home. Prof. H. W. Early, county superintendent, handsomely introduced Mr. R. W. Frieman, of the United States demonstration bureau, Mr. Frieman most interestingly entertained and instructed the audience with a recital of the demonstration work in the various counties of the state. He urged the employment of an agent for this county. He was taking along new lines to the people and they were deeply interested. At the close of this interesting address dinner was served of the very best Bertie county could afford; that is saying enough.

After dinner the audience reassembled. A quartette of Messrs. W. J. Daniels, W. F. Daniels and J. W. Lassiter, and Miss Bessie Lassiter stirred the audience to applause. President Harrington then stated that the speaker invited for that hour had not come but that "he has found a supply in the person of Judge Winston, who is ever ready to serve his people, and they ever ready to honor him." At his request Mr. R. E. Tarkinton made a handsome presentation of Judge Francis D. Winston. He supplemented the address of the morning session. He impressed his points with apt illustrations and stories and made a fine speech. The audience was then dismissed with prayer by the chaplain and at once the beautiful streets of Windsor were alive with young and old mingling in happy greeting and conversation.

The business meeting of the union was held after the exercises concluded. Excursions by the train and boat brought visitors from the surrounding counties. Those having the day in charge have every reason to be satisfied with the complete success of their plans.

Prohibition Scores.

The Republican floor leader in the lower house of the coming Congress will no longer be supported in his anti-prohibition fight by the leader on the other side. The Democratic floor leader will not be a benchman of the liquor interests, but a tried and true prohibitionist—Claude Kitchin, formerly governor of North Carolina, a dry state. Score one for the temperance forces.—Temperance Union.

Whenever You Need a General Tonic
Take Grove's
The Old Standard Grove's Tasteless
chill Tonic is equally valuable as a
General Tonic because it contains the
well known tonic properties of QUININE
and IRON. It acts on the Liver, Drives
out Malaria, Riches the Blood and
builds up the Whole System. 50 cents.

Whiteville Tobacco Market Has Auspicious Opening.

About 75,000 Pounds Sold First
Day; Average 5 cents.

Whiteville, N. C., July 24.—The tobacco market here was formally opened yesterday, and the quantity of tobacco on the floor was much above the expectations of most people. In all there were about 75,000 pounds of leaf tobacco sold. These figures compare advantageously with those of other nearby markets, especially in consideration of the fact that Whiteville has only one market. The sales averaged five cents per pound, the maximum price being 11 1/2 cents.

For many hours before the sales commenced wagon loads of the leaf tobacco continued to arrive in town, and the scene on the outside of the warehouse was an unusual one for this town. At one time it was feared that the floor space would not be large enough to allow of all the tobacco being unloaded, and it had actually to be spread on the driveway. The tobacco for sale was of many grades, some being very inferior. This, however, could only be expected, as many of the growers brought only primings.

The new warehouse is being operated by Messrs. Wilson & Tuggle, of Danville, Va., and the auctioneering end of the business was ably handled by Mr. Don Guinn, also of Danville. A good corps of buyers were in attendance and others are expected at an early date. Most of the growers were well satisfied with the prices that they received for their leaf.

Commissioners Will Meet In Morehead.

Annual Meeting State Convention
August 18 and 19—Carteret Chair-
man Plans for Entertainment.

Morehead City, July, 25.—The State convention of the County Commissioners of North Carolina will hold their annual meeting here August 18 and 19. The last annual meeting was held in Fayetteville at which time every county in North Carolina was represented and the prospects for this year's meeting is that from two to five representatives from each of the 100 counties in the State will be present.

Chairman J. S. Scott, of the Board of County Commissioners of Carteret county, is making plans for the entertainment of those who come here to attend and among other things planned he proposes to give the visitors a clam bake and fish fry on board specially chartered boats in which a trip to the scene of the construction of the Harbor of Refuge at Cape Lookout will be made.—News and Observer.

Calling for a Nickle More.

(Charlotte Observer.)

Since the quart law went into effect in North Carolina it has been costing as much to get a bottle of whiskey as it formerly cost to get a jug, but strangely enough there has been no complaint—they too anxious to get the whiskey to stand back on the price. But the express companies are making representations to the Interstate Commerce Commissions that they are being put to a mountain of trouble in handling the quart packages and are losing money, to boot. They want an increase in the rate to 35 cents. As Old King Alcohol does not appear to have a friend in court or anywhere else, these days, it is probable that the increase will be granted, but even in that event the line-up at the express office will be as closely occupied and as long-drawn out as ever.

Chowan Summer School For Teachers, Murfreesboro.

A summer school or tri-county institute opened in Chowan College July 5, 1915 with an enrollment of 99 teachers who represent North Carolina from Yancey to Currituck. We are also glad to state that Mexico is represented in our summer school.

This is the first summer school in the State that has organized in the manner that is. No more suitable place in eastern North Carolina could have been chosen for a summer school than at Chowan College, with all its magnificent history and scenery. The imposing college buildings, the beautiful lawn with shade trees, shrubbery and flowers, the circular driveway bordered by majestic old pines together with the surrounding hills and valleys suggestive of the Piedmont section furnish ample recreation grounds for instructors and students.

A strong faculty of specialists and successful teachers chosen because of their recognized ability in their particular fields and their special fitness for the instruction of teachers, have been giving their undivided time in the summer school.

Among the instructors may be mentioned, Prof. R. E. Sentelle, Supt. of Lumberton Graded School, who was appointed by the State Department of Education to conduct the summer school. Prof. Sentelle is one of the most prominent educators in North Carolina, and the Chowan section is very fortunate indeed in securing such an able man for the work he is now doing.

The general discussions lead by Prof. R. E. Sentelle are based on charter's "Teaching the common branches." So far the outlined work in read, language, spelling, drawing and penmanship have been ably discussed.

The work has been divided into high school, intermediate and primary sections.

The primary section claims the largest number of teachers. This work is under the supervision of Mrs. Pearl Cross Green of Raleigh, N. C., who is recognized by the greatest of educators as being one of the best specialists in both the North and the South. Her vast experience as student, teacher and supervisor has won for her the highest type of approbation. Mrs. Green is assisted in primary work by Miss Ethel Kelly, a very capable instructor, being for many years a teacher in our leading schools of the state, and who now holds the position of primary supervisor in Northampton County, N. C. Miss Kelly is one of the leading specialists in Domestic Science in the State.

A splendid course in Domestic Science is being given under the direction of Miss Kelly. This course is of great vital interest it being shown by the vast number who are taking the course.

Prof. G. E. Lineberry, Pres., of Chowan College, and who needs no further introduction to the educational center of North Carolina is giving instructions in the high school subjects in the summer school.

As a whole, the body of teachers in the summer school are above the average in their general attitude for the work. They are not absent from any of sessions, whether general or sectional, unless providentially hindered. This shows the great interest being manifested by the teachers as a student body.

Much good has been derived from the practice school work. Often the instructors call on members of their different classes to give a model lesson. This has worked wonderfully and many teachers are benefited not only by observation, but by really doing the actual work.

Discussions concerning some of the vital problems of the school room are receiving attention and the teachers are made to feel that they are the ones to discuss these

problems by exchanging ideas.

A Story Tellers' Club has been organized which meets just at twilight on the lawn. Meetings are held from evening to evening and practically all the teachers take an active part. A great amount of good, as well as social value, is being derived from the club.

On Monday night, 12th, a "Get Acquainted Social" was given the summer school students. The main object was to get acquainted. Provision was made for good music and recitations. Afterwards refreshments were served. This meeting of the teachers was of great social pleasure.

During the summer school a Lumber of distinguished educators have been in our midst and given important lectures. Among these may be mentioned, Dr. John E. Ray, Pres. of the Blind School in Raleigh, Judge F. D. Winston of Windsor, N. C., T. E. Brown, so well known as the great corn club worker over the State, R. E. Parker, Sec. of Audubon Society of N. C., Miss Ruth Evans, State Demonstrator of canning club work and Miss Olive of Simmons College, Boston, who is a specialist in Domestic Science.

The summer school has continued to grow in interest as well as in number despite the extremely warm weather. It now numbers 145, which is a record breaker for the first summer school at Chowan.

May the step that has been taken at Chowan College for instruction of teachers be just the beginning of the great work before us, and let us press ever forward to make Chowan a great educational centre in the summer as well as in the winter.

Epworth League Class Organized

Mr. W. A. Graham of Warrenton, N. C., was here Sunday July 18th, the purpose of re-organizing the Epworth League of the Ahoskie Methodist Church.

Mr. Graham made a very interesting and instructive talk along the line of League work. After which a nominating committee composed of Mr. E. J. Gerock, Mrs. L. S. Savage and Miss Nelie Baker was appointed. The following officers were nominated and elected to serve for the first term; Mr. J. H. Robertson Pres., Mrs. S. J. Boyette Vice-Pres., Mr. Dan P. Boyette Sec., Miss Minnie Baker Treasurer and Miss Nelie Baker Corresponding Secretary.

After the election of officers Mr. Graham gave some very instructive information as to the work of the officers which we feel sure will help make the League a success.

An Installation service, which will be announced later, will be held soon. Everybody is cordially invited to attend all these services.

D. P. BOYETTE, Secretary.

Got the "Drop" on a "Bad Man."

A man walked into the office of Andrew Carmical, editor of an Okmulgee, Ok., newspaper, last week and locked the door behind him.

"I'm going to make you eat last night's issue of your paper," the visitor said.

"All right," replied Carmical, "but you had better lock the door again. It has come open."

The man turned to the door to find it still locked. When he faced Carmical again he looked into the muzzle of a revolver. In jail the man said an article in the paper which said men who beat their wives should in turn be beaten by a jury of twelve men, reflected directly on him.

Moral: Don't monkey with an editor or a buzz saw.—Ex.

RUB-MY-TISM

Will cure your Rheumatism Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts and Burns, Old Sores, Stings of Insects Etc. Antiseptic Anodyne, used internally and externally. Price 25c.
