# Meet Me At The Coca-Cola Booth STONY CREEK PICNIC

## JULY 29, 1915.

"KELFORD" on the crown, label or bottle of SODAS means as much to the consumer as a team does to the farmer. Uniform, superior in quality, perfectly delicious and refreshing. LAST BUT NOT LEAST, it's a guarantee that every bottle has been thoroughly sterilized, which insures you from "SOUR" goods caused by dirty bottles.

The water from which we carbonate our goods is obtained from a depth of ONE HUNDRED AND FORTY SIX feet in the ground. We have the analysis of this water framed in our office, subject to public inspection.

Every man has his good traits, but one of the best to be found in any man is speaking well of others and saying a word for the home town. When he does these things he will not go far wrong in either.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so let them eat anything afterwards.

### Catarrh Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
