The following amounts have been reported to me as subscribed by the different townships in the County, in cash and pledges, to the Y. M. C. A. War Fund:

Manteo Neck,	\$450.00
Harrellsville,	438.00

St. Johns,	400.00
Winton,	315.00
Ahoskie,	260.00
Total	2801.65

J. R. Vann, County Treasurer, Statement by County Chairman

When the County Treasurer informed me of the amounts subscribed by Harrellsville and St. Johns Townships to the Y. M. C. A. War Fund, I was assured we would come out victorious in our efforts to raise a quota of \$1500. The results from these townships was the greatest surprise of all for everything seemed so discouraging in each at the beginning. But after these good people had been somewhat informed as to what their duty was they determined to "go over the top" and to be satisfied with nothing less than a decisive victory. They are entitled to special mention as they got a late start.

The figures given on this page by the treasurer show that something over \$2200 has been subscribed for the fund. This result shows up very well for the County, but is not a dollar more than should have been given, in fact, not as much. Our people were thoroughly uninformed at the beginning of the campaign as to the nature, scope, and possibilities of the Y. M. C. A. work in our own army and navy and those of our allies. And quite a great number of them are still uninformed. Could our entire constituency have been instructed we would have reached the \$5,000 mark, I was somewhat doubtful myself about obtaining the \$1500 asked from the County. But after I knew more thoroughly what was being accomplished by the work for which this amount was asked I was very confident our people would far exceed the quota, if only we could present the matter to them in an intelligent way. We have attempted to do that very thing and the citizenship of the County, and a good people they are, have measured up to every expectation. I accepted the chairmanship with great trepidation, but all my doubts and fears vanished after I had been in the campaign a few days.

But please let honor be bestowed where it is due. The results would have been unobtainable without the most loyal and active cooperation of the township chairmen and their assistants. They have been so faithful; and I know that several of them have made sacrifices both as to themselves and their time. To each and all of them I wish to express my most grateful thanks. And, I must not forget to mention and thank the preachers of the County both colored and white of all denominations, for their assistance. In fact, I wish to include in the list each individual who has been of any service at all in the campaign. But, above all things much credit is due our colored friends for their unfeigned liberality. They have given more than their proportionate share of the sum raised. In my own township almost half of the amount reported was given by the colored people.

And it is very gratifying to know that so many individuals have contributed. So far as I can learn the

### TWO STORES ROBBED

Robbers Entered Two Ahoskie Business Houses Sunday Night—Several Articles Stolen.

A robber entered the stores of Z. V. Bellamy and Carter Bros. and Co. on Monday night and appropriated about two or three hundred dollars worth of merchandise. Entrance in both instances was made through the rear window. The rough visitor was evidently a person adept at values, for in each case he was painstaking enough to secure articles of immediate personal use, rather than taking anything that came into sight.

The windows in the store of Z. V. Bellamy, besides being locked, were barred, but the burglar prised it up and broke the bars in making his entrance. He also prised open the window in the store of Carter Bros. & Co., thus making an easy entrance.

Almost fifteen dollars in cash was taken from Bellamy's cash register, the money being the amount taken in on Sunday. Not a penny did he overlook, and was so discriminating as to sort out and leave the soda checks which were also in the register with the money. Other articles taken from this store included cigars, knives, a cheap razor, and a highly prized shot gun and hunting coat, the latter articles being the personal belongings of Mr. Bellamy. A Red Cross gift box was likewise robbed of its contents and the broken box cast into the street. The total value of merchandise taken from this store amounted to possibly a hundred dollars.

From the store of Carter Bros. & Co. the "gentleman" secured four suits of clothes, an overcoat, two pairs of shoes, several suits of underwear, and an expensive suit case in which to transport his supply of merchandise. He, however, failed to take the pants to three of the stolen suits, and also dropped the fifth suit at the window before getting away. He was evidently angered at finding nothing in the money drawer, which he tore open and cast on the floor under the store counter.

No trace was left behind, but the local authorities are on a lookout for a glimpse of any or part of the stolen goods.

A report from Cofield received here Tuesday morning, stated that Britton's store was also burglarized Monday night, and about thirty dollars in cash and several articles of merchandise stolen. It is also reported that a Kelford store was broken into last Friday night. Evidently the same person or persons did the mischief at all three towns.

### Mapleton News

The brightness of summer has long departed, and winter frost and snow are here. The leafless trees and heavy branches against the leaden sky look drear. The gardens now are blank and empty, no vestige of bright flowers there. Its handsome robes have faded quietly and a mourning gown it now wears. 'Tis sad to see this desolation. In contrast with fair summer's smile, but though things look so bleak and barren. 'Tis only for a little while.

There will be a play entitled, Miss "Prim's Kindergarten," at the Graded School Building here Friday evening, December 7th, at 8 o'clock. Everybody cordially invited. Refreshments will be served.

### WHAT MOTHERS CAN DO

Mothers Are Asked to Co-Operate With Quarantine Officer to Control Contagious Diseases.

Winton, Dec. 3—Nobody knows what it means to have a sick child like the mother, therefore, I am asking the mothers of this County, especially, to co-operate with me, their county quarantine officer, and by all working together, to keep down those preventable diseases like whooping cough, measles, scarlet fever and diphtheria, as far as is possible.

Some old fashioned mothers used to believe that whooping cough and measles were like taxes, just had to come, and the sooner "it came and went" the better. But now mothers know different. They know that even should children have the diseases when they grow up it goes less hard with them then, and they are more likely to recover without defects and impairments. Why, when a mother's baby, has measles if it is less than five years old, she never knows whether it is going to be left blind, lame, or with weakened heart or kidneys, for life. The safest plan is to take no chances as to sort out and leave the soda checks which were also in the register with the money. Other articles taken from this store included cigars, knives, a cheap razor, and a highly prized shot gun and hunting coat, the latter articles being the personal belongings of Mr. Bellamy. A Red Cross gift box was likewise robbed of its contents and the broken box cast into the street. The total value of merchandise taken from this store amounted to possibly a hundred dollars.

Some of these things mothers can do to keep down whooping cough, measles, scarlet fever, infantile paralysis and diphtheria in their homes and communities are, first, to suspect the disease and keep home the children having the first symptoms, such as sore throat or head colds, particularly if any contagious disease is in the community. Second, in case no physician is called to attend the child, the mother should see that the disease is reported at once to the county quarantine officer who will then tell her what to do and how to treat the case. The law requires her to do this. Third,

The number of cases of contagious diseases in this County last month reported to me were: Mary Louise Deans, Ahoskie, R. F. D. diphtheria; Bertha Lassiter, Aulander, R. F. D., diphtheria.

### MARS HILL NEWS

The Athenian Literary Society held a public meeting November 30, at 7 P.M. The program consisted of the following:

1. Devotional exercises, by Herman Davidson.
2. Quartet, "Sweet and Low," by Misses Page and Miller, Messrs. Tom Whedbee and Lee Miller.
3. A debate, "Resolved that Literature Exerts a More Vital Influence in the World Than Invention Does." Affirmative, Lillian Cofield, Jodie Lee; Negative, Ruth Matthews and Edna Harrell.
4. Reading, "The Necklace," Nanie E. Pigg.
5. Chorus by the Society.
6. Spelling match by people out of school.

The debate was won by the negative. Miss Edna Harrell received much praise for her delivery and graceful bearing on the stage. Predictions are that Jodie Lee, second speaker on the affirmative, will make a powerful speaker by training.

The quartet showed the master hand of Miss Page in training her voice pupils!

every mother should respect the Quarantine Law. It may inconvenience her a little but what will a few days of inconvenience mean if it saves a child's life or even if it saves him from a lifelong defect, like blindness which is often one of the after effects of measles. The mother who disregards the Quarantine Law is not only an undesirable citizen to have in the community but is an enemy of little children.

The number of cases of contagious diseases in this County last month reported to me were: Mary Louise Deans, Ahoskie, R. F. D. diphtheria; Bertha Lassiter, Aulander, R. F. D., diphtheria.

W. B. Pollard, M. D., County Quarantine Officer.

The most interesting feature of the evening was the spelling match. Those participating were: Messrs. Bill Jones, (Captain), Dan C. Miller, Carl and Joe Sessions, Babe Miller, against Joe Harrell, (Captain), Messrs. Tom Whedbee and Lee Miller.

Mr. Harrell's side went down with Mrs. Matthews the last to fall. That left Mr. Dan Miller and Mr. Jones to fight out old Blue Black for the prize. They went through "incomprehensibility" and others of like character almost to the back of old "Blue" when Mr. Jones went down by a slip of the tongue on "allegorize," leaving Mr. Miller champion of the neighborhood on Blue Black Speller."

The next spelling Bee will be between the pupils of the high school and those who have finished within the past two years and the neighborhood. The text used will be the Blue Black Speller, and the contest will be announced after Christmas. The High School will have its annual Christmas entertainment on the last Friday evening before Christmas at 7 P. M. Messrs. Johnnie and Raleigh Baker have been invited to furnish string music for the occasion.
