**HERTFORD COUNTY OVERSUBSCRIBED IN Y. M. C. A. FUND**

(Continued from page one)

largest contribution from the County was \$50, and only one of that size. Don't think more than two or three \$25 subscriptions have been received, either. Inasmuch as possible, we have tried to give every man in the County an opportunity to do his "bit." But regardless of that opportunity there are some men of good estate who have refused to give a cent. I shall not attempt to list such a fellow, but would like to ask him if he considers himself a true American citizen. We shall not discuss the matter from either the altruistic or christian standpoint but would also like to ask him if he honors motherhood. If you admit you do, "Mister Tightwad," how can you resist the appeal of the mothers of our land to help save their boys and to preserve their manhood? This is meant for every man in the County who was asked to contribute and refused to do so, provided he is financially able; and all of us could give something.

The campaign has been quite a strenuous but a very blessed one to me. I trust, too, that this experience of each one who has participated. And, I believe that God will look with favor upon our people because of this response to an appeal in the interest of His Kingdom on earth. Let us take courage and look forward to a better and higher day. God is still on His throne and will see to it that those who try to render unto Him those things that are His shall be sustained. And we need not worry about our County, State, or National citizenship when such has been a christian in the true sense of the word.

H. J. Vann, County Chairman,  
Y. M. C. A. War Fund Campaign.

**Save The Small Change**

The man with limited means—even the school boy or girl with a few pennies to spare now and then—who wants a safe and profitable investment which at the same time will help the country, finds his opportunity in the new war saving certificate plan.

During December, 1917, and January, 1918, war-saving stamps will be sold at \$4.12 each, at postoffices, banks, trust companies, and many business houses and factories throughout the country. At the beginning of each month the cost of a stamp will increase one cent. All war-savings stamps issued during 1918 will mature January 1, 1923, when they will be redeemed at \$5 each. The difference between purchase price and the price at maturity represents the interest the Government will pay the holder, 4 per cent compounded quarterly.

The entire wealth and security of the United States is behind the war-savings certificates. No person may purchase at one time more than \$100 worth, or hold at one time more than \$1,000 worth of these securities.

Thrift stamps costing 25 cents each may be purchased at any time and affixed to a thrift card, which is supplied without cost. These stamps will not bear interest, but a thrift card when filled at a cost of \$4 may be exchanged for an interest-bearing war-savings stamps by turning the card in and paying the difference between \$4 and the current price of a war-saving stamp. With the first war-saving stamp bought the purchaser will obtain without charge a war-savings certificate containing space for 20 of these stamps.

If the 20 spaces are filled prior to January 1, 1918, the cost to the purchaser will have been \$4.12 for each stamp, or \$82.40 for the filled certificate, and on January 1, 1923, the Government will redeem it at \$100, giving the holder a net profit of \$17.60 for the use of his money.

Money derived from war-savings investments will be used to meet the expenses of the war. The greater part of these funds will be expended with the United States.

L. T. Sumner, Ahoskie postmaster, has already received a supply of the savings stamps, and he will issue them to those wishing to make a small, safe and secure investment.

To Cure a Cold in One Day. Take LAZATIVE BROMO Tablets. It stops the Cough and Headache and breaks off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box, 50c.
