The Herald has many times outlined the future mapped out by the prognosticators who are always ready to look askance at any industrial enterprise; and, it expects to continue its walk down the thorny way of the Fourth Estate.

THE HERALD TO CONTINUE

With this issue of the Herald we are happy to announce that this paper will continue to reach the home of Hertford County and the adjoining counties, even though its owners are away aiding in the great fight for Democracy. The management has been fortunate in making arrangements whereby the County paper will not be abandoned during the duration of the war; but, have been even fortunate enough to secure, in addition to its present service, telegraph news of war activities, and state news. This news will be gathered over wire on the very day that the paper goes to press and every item will be "fresh." The same local news service and weekly news letters from this section will be carried as usual in every issue.

The editorial department will be either in charge of the present Editor, or placed in charge of a local writer who has had considerable newspaper experience. Definite arrangements have not been made at the time this article is written.

Our office at Ahoskie will be open as usual and all business connected with this paper must come through this office. The local reporter and business manager will be in this office every day.

In making this announcement we must need impress upon our readers that we have gone to no little expense in making it possible for the paper to continue publication, preferring to give our people an improved paper rather than allow it to continue. Instead of providing a "substitute" in the way of a newspaper, we have made it possible for our subscribers to receive an eight-page paper every week, full of news of the town and section, and with latest authentic dispatches from the battle front.

In severing active relations with the paper, the present management does not intend to release its interest in the paper and in the people who support it. Though we be in active military service, our readers may look for

"news from the front." It is the hope of the present editor to continue in charge of the editorial department of the Herald.

HON. W. R. JOHNSON CON-TRIBUTING EDITOR

Hon. W. R. Johnson, who has done newspaper work consents to strengthen the editorial department of the Herald, by contributing specially prepared editorials from time to time.

The Herald is indeed fortunate to secure the valuable services of Mr. Johnson, and the readers of this paper will be glad of an opportunity to follow the pen of this former newspaper man.

In justice to Mr. Johnson, the management of this paper will add that this gentleman is receiving no compensation for this work, having kindly consented to do this work without compensation, upon the solicitation of the present editor.

OUR SUPREME DUTY

By Champ Clark, Speaker of the House of Representatives

Somebody has said that "duty" is the sublimest word in our language. Our supreme duty is to carry this war to a successful conclusion. We have never been beaten in any war in which we have been engaged, and the American people are determined that we shall not be defeated in this titanic struggle. President Wilson and the Congress have solemnly dedicated to this cause all of our national resources in men and property—if need be.

The two most important things in war are men and money. The Congress will vote them from time to time in such numbers and such amounts as are deemed to the accomplishment of American purposes.

Another large bond issue is impending and it is to be hoped that the bonds will promptly subscribed for. Those of us who are over the military age or for any reason other reason are debarred from fighting can pay, and it is our solemn duty to do so. I practice what I preach and invested every dollar I had, and some I borrowed, in bonds.

Well Known Lady From Windsor Va.

The letter printed below was published at the special request of Mrs. K. E. Johnson, known by thousands of people in southeastern Virginia and southeastern Carolina.

Windsor, Va., Sept. 21, 1917.
Dr. J. E. Masrow,
Norfolk, Va.

Dear Doctor:

I have been a sufferer with my eyes, headaches, sleeplessness and nervousness for a good many years and on account of my eyes, I had severe pains running down from behind my ears down the back of my neck. At times I could hardly move my head without pain.

Seeing where so many people from my county had been relieved of different eye troubles I decided to try you myself. I made a trip to Norfolk to consult you. After examining my eyes you prescribed glasses for me. That was about a month ago and I have received greater relief since I have been wearing your glasses than I have ever had in my life before.

I am writing this letter with the request that it be published, so other sufferers may be benefited as I have. I sincerely recommend you to any one suffering with eye trouble or in any way in need of the service of any eye-sight specialist. With best wishes for your contiguous success, I am,
Yours very truly,

Mrs. K. E. JOHNSON

Dr. Masrow's office, which is located on the fourth floor of the Dickson Building, corner of Granby and Taze, well streets, is perfectly equipped with every modern scientific eye-testing device. He makes no charge for consultation and his prices for glasses are moderate in keeping with the accuracy and helpfulness of his work.

When desired, appointment may be made by phone, or letter. Office hours, 9 a. m. to 5 p. m.—Adv.

TRAVELS 40 MILES FOR MORE TANLAC

Hawkins Says His Wife Gained 15 Pounds on 3 Bottles of Medicine.

"I'm taking a forty-mile trip to get more Tanlac," was the remarkable statement made by J. D. Hawkins, a well-known and prosperous farmer, in Jacobs Pharmacy, Memphis, Tenn. "Yes, sir," continued Mr. Hawkins, "I live at Bartlett, Tenn., and I drove eight miles to Raleigh this morning and caught a trolley car there for Memphis, which is twelve miles more, so you see when I get back home I've traveled forty miles, and that ought to be proof enough of what I think of Tanlac."

"I declare I never saw or heard of a medicine doing a smuch good as Tanlac. My wife has gained fifteen pounds on three bottles of it and besides it has gotten her over her troubles that have been weakening her down for nearly twenty years, and I don't aim for her to be without it. She suffered awfully with indigestion and was growing very weak and badly run-down. Every single thing she would eat made gas and gave her severe pains in the stomach. She had no appetite at all and what little she would force herself to eat hurt her so bad it seems she would have been better off without eating it. She suffered terribly with nervous headache and couldn't sleep on account of it. She was so tired all the time she never felt like doing a thing. In fact, she wasn't able to do her housework at all. She had tried everything without getting any relief and I was about to give up in despair when I read about Tanlac and got her a bottle of it.

"I just can't say too much for Tanlac for my wife's improvement has been wonderful. She can do all her housework now, and before she could scarcely get around at all. She is relieved of the indigestion and has a good appetite. She eats most anything she wants and is relieved of the gas and pains she used to have. Her nerves are quiet and she sleeps good at night and don't have the sickheadaches like she did. As I have already said she has gained fifteen pounds in weight and is gaining strength and health all the time since taking Tanlac. She looks so much better all our neighbors are talking about her improvement. It certainly has done wonders for her and I wouldn't let her be without it for anything, and that's the reason I'm taking this forty mile trip today to get more of it for her. I certainly do endorse Tanlac for I think it is the greatest medicine in the world."

Tanlac is sold in Ahoskie, N. C. by Z. V. Bellamy.

If the German drive on the western front was a defensive—and the Kaiser insists his war is a defensive one—we should not like to witness a German offensive.

ASTONISHING REPORT FOR AHOSKIE

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruits and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn in Alder-ika benefited her INSTANTLY. Because Alder-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold.

FOR BILIOUS TROUBLES

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relish for your food and banish that dull and stupid feeling.

IF I WERE A FARMER

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation. By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious disease that so often follows.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed it has a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today, and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.
