AHOSKIE, N. C., FRIDAY, JUNE 7, 1918

NUMBER 20

SETS EXAMPLE

The Coastal Fair Association at Tarboro, representing a district fair for the eastern part of the State, has offered a striking example in cooperation between fairs and demonstration agents in its 1918 memorandum concerning inter-county exhibits. Under the joint management of C. A. Johnson, Secretary of the Coastal Plain Fair, and R. W. Freeman, District Agent of the Extension Service, the fair association has made some splendid plans for county exhibits this fall.

The memorandum, as drawn up by Mr. Freeman and accepted by Mr. Johnson is in part as follows: The counties of Hertford, Bertie, Halifax, Nash, Edgecombe, Wilson, Greene, Pitt, Martin, Beaufort, Washington and Hyde or Tyrell, have agreed to put on a county exhibit consisting of specimens of field, orchard and garden crops, models of farming utensils, conveniences of educational value, photographs of farm scenes in respective counties and cured meats. The class of products is to be representative of each county's type of agriculture and, proportioned according to the discretion of the county agent.

The premium is to consist of a trophy cup for the best county exhibit. No other prize will be given. The fair association is to bear all expenses of setting up exhibits, including agents expenses, freight drayage, etc., the cost to be limited to \$50.00 per county. The fair association will furnish drays and transfers to unload and unload all of the exhibits, this to be done under the supervision of the county agent.

The fair association has agreed to put in uniform shelves in all the booths, and to make it possible to have the front of the booths closed, whenever advisable. One of the directors of the fair association has been designated as the director of the inter-county exhibits department, and will be directly in charge of the inter-county building.

"It is co-operation of this kind states Mr. S. G. Rubinow Chairman of the Fair Committee, "which makes the Coastal Plain District Fair one of the best fairs in the State. Last year the Gaston County Fair, under the wise and efficient management of J. M. Holland, the Secretary of the Fair, and John B. Steele, the Gaston County Demonstration Agent, set the pace for the State in the number and character of its exhibits. The large number of community exhibits displayed necessitated and inter-community building, which was one of the attractions of the season. There is no doubt but what the fair work of the State is growing in interest and in value.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

MENOLA NEWS

Miss Janie Brown was appointed to wait on the people of this school district and she received \$200. or more. The colored people deserve mention also as they, in their poor state came across with more than \$50. beside the amount above mentioned.

Mr. and Mrs. A. G. Otwell, Mr. and Mrs. Oscar Snipes and Mrs. J. E. Griffith left on Saturday morning to attend the Friends Quarterly meeting, returning on Sunday evening.

Menola basket ball team over to Eagle town last Friday after and played match game with Eagletown and Ridge Square combined and scored a big victory. Several of our people went to witness the game and all came home highly elated.

Mr. Paul Purvis, Mrs. Margaret Parvis and Miss Millie Bangham spent Sunday afternoon with Mr. and Mrs. J. L. Snipes.

Mrs. W. J. Griffin and little daughter Mary Katharine of Woodland spent the week end with Mr. Mrs. J. T. Chitty.

Mr. E. W. Gaitheir of Winton and Dr. Owen of Raleigh were in Menola on Thursday and spent the night with Mr. J. M. Eley. Dr. Owen delivered a lecture at the school house on same night.

Mr. Joe Peele of Rich Square and Miss Ruth Davenport of Winton visited Miss Janie Brown on Sunday.

Mr. and Mrs. M. R. Sumner and several young ladies of St. John spent Sunday afternoon in the home of Mr. J. L. Snipes.

Mrs. E. T. Vaughan is ill at this writing. We hope she will soon recover.

WHAT IS WORSE THAN WAR?

Consumption Four Times More Deadly Than Bombs and Machine Guns.

Pierre Hamp, a French medical authority, estimates that of the 38,000,000 people of all ages still living in France 4,000,000 must die of tuberculosis. The war will have killed about 1,000,000. This means that man with all of his inventiveness is far less efficient than Nature as a man killer. There have been over 400,000 new cases of consumption in France since the war began. This is why, despite the number of new hospitals, there is still not sufficient space available for tuberculosis cases.

The Question of Pensions. Of course first consideration is accorded to the ever popular wounded men. Therein lies the tragedy of the consumptive soldier. With the new cases coming in daily from the trenches the consumptives are not as helpless as the wounded men. When discharged from the army the severely wounded are allowed a pension by the government. The consumptives, however, receive no allowance unless they can prove that their illness is entirely due to their service in the army. This is not an easy thing to do, and consequently comparatively few consumptives receive governmental assistance.

Until the American Red Cross began to extend its aid the plight of most of these men was often pitiful. When discharged from the hospital they are given certain instructions which would eventually bring them back to health. But conditions are hard. They are usually unable to earn much and so do not get proper or even sufficient nourishment. Very often they are in no condition to look after themselves, still less to safeguard the health of others. To meet this difficulty local committees have been formed to look after the discharged patients and see that they do not pass on their disease to members of their families. The task is well nigh hopeless. Even if proper living quarters are to be had sanitation and hygiene cannot be taught overnight. They sleep in air tight rooms, kiss their babies, drink out of the same cups and use the same towels as the rest of their families.

In spite of these appalling difficulties, however, the rapid spread of the disease must—simply must—be checked. Even to attempt this would be an impossibility without the tremendous facilities and aid of the American Red Cross. No other agency could conceivably face, much less hope to accomplish, such a task.

DEAN ARNOLD AT SUMMER SCHOOL.

Miss Sarah Louise Arnold, Dean of Simmons College at Boston, Mass., known over the entire United States as pioneer and leading in home economics work, will deliver a lecture at the meeting of the home Demonstration Agent at the State College of Agriculture in June.

Dean Arnold will speak on the night of June 5th at 8:30 in the auditorium of the college Y. M. C. A., and Mrs. Jane S. McKimmon has extended a cordial invitation for every woman who finds it possible to attend, to be on hand.

Dean Arnold is one of the best known women in her line of work in the country, and she has been largely instrumental in bringing the home economics activities of the women of the country up to the present standard of excellence. For the period of the war she has been loaned by Simmons College to the Food Administration at Washington to pay special attention to Food conservation subjects. In bringing her to North Carolina, Mrs. McKimmon feels that a message of value and importance will be giving to every woman who is now endeavoring to aid the Government in a successful prosecution of the war.

WHAT THE VICTORY OR DEFEAT OF GERMANY MEANS TO EVERY AMERICAN

(Contributed by ALBERT PAYSON TERHUNE, author and globe-trotter, to the National Security League's campaign of Patriotism Through Education.)

Germany's victory would mean all that the alarmists have said—the setback of humanity, democracy, civilization, rights of man, etc. But, to America, it would mean infinitely more.

It would mean our first national defeat; and, thus, would smash our perfect record for victories—a record as old as our nation—a record that means more than the right to brag. Even as a beaten army never wholly regains its old form—even as a beaten ring champion sinks at once into desuetude—so our nation (its traditions of victory gone) would suffer far worse deterioration than the mere fact of defeat could inflict.

It would mean that the man who has risked all in his country's struggle for Right could never again feel his former calm certainty that Right must triumph. Thus, the moral tone of the individual, as well as of the nation, would inevitably be lowered.

This country has never embarked in a war of conquest. From 1775 to the present we have fought for Liberty or for Union or for the Oppressed—ever for some sterling principle of right. From childhood we have been taught to believe that the high unselfishness of our war aims has given us the victory. We have seen the decay or destruction of men and nations that have battled for dominion—as Germany is now battling. Should we fall in this, our mightiest war for the Right, the average man must lose forever the simple Faith which has led our dear country from nothingness to its present estate. For that Faith, more than for anything else, our sacrifice is a hundredfold justified.

Albert Payson Terhune.

Your Country Calls!

Awake, Americans!
Make this war your war.
Every man must prove
Right is Might.
It means your liberty, if not your life.
Combat German propaganda here.
Attack everything un-American!

The Huns Abroad and The Pacifists at Home

(Contributed by CASPAR WHITNEY, now at the front for the "N. Y. Tribune," to the National Security League's campaign of Patriotism Through Education.)

Although Germany, while yet a "friend," intrigued against our peace and order, urged Japan and Mexico to make war on us, and murdered our men, women and children, there are those among us professing loyalty and intelligence who practically say this is not our war and appear unable to realize that the defeat of the boche is as vital to us Americans as was the victory of 1776.

Then we declared independence; now we fight to maintain it.

It is not merely that we fight in answer to indignity and material injury done us through attack on our rights as a nation and on the lives of our citizens—not merely to uphold our place among self-respecting peoples—that we are at war; but literally for our self preservation as a republic.

To muzzle this war-mad wild beast we have taken up arms—that the world shall be safe for the freemen of the world.

The world cannot rest in peace while Germany holds the destiny of other peoples in her blood-dripping hands. The world cannot live in peace with a people that commits, or permits her sponsors to commit in her name, the foul acts of treachery, of vandalism, of bestiality, of murder, that have marked the trail of the German army over Europe.

One doctrine or the other must prevail; either the German brutal right of might or the civilized might of right—one or the other—must succumb in this conflict to the death. And should it be the German doctrine—then shall we fall under the domination of a people that have robbed and raped and looted and burned and killed, that the "kultur" of a military oligarchy shall live.

Prussianism is devoid of honor, truth, justice or mercy, as its own acts have proved, and its defeat is a necessary first step for the peace of the world and the freedom of civilization.

For the safety of American institutions it must be destroyed; for the safety of American freedom, yours and mine and of all of us.

We are in the midst of war, our war, the war of every freeman, of every man and woman who does not endorse cowardly murderous assault upon the weak and innocent, brutal injustice, and atrocious acts; and if we would preserve the Stars and Stripes and all they stand for we must fight the Huns abroad and the pacifists at home with all our strength.

NATIONAL PATRIOTIC EDUCATION FACULTY

Organized by Security League From Professors Donated by Big Colleges and Universities.

A National Patriotic Education Faculty, composed of eminent professors released on full pay by their colleges and universities, who will tour all parts of the country doing promotion work in connection with the National Security League's great campaign of Patriotism Through Education, is being organized by Dr. Robert M. McElroy, educational director of the league. On this faculty already are: Dr. W. T. Hall of Princeton, Prof. W. B. Munro and W. H. Schofield of Harvard, Dr. Franklin H. Giddings of Columbia, Prof. C. H. Van Tyne of the University of Michigan, Miss Etta V. Leighton, vocational instructor in the Passaic, N. J., public schools, and Prof. Charles Libbey of the University of Colorado.

Leland Stanford University, the University of Oregon, and Hamilton and Williams Colleges have also promised to assign a man to participate in this work, and other additions to the "faculty" will be made in the near future.

SUFFRAGISTS IN WAR WORK

By MRS. JAMES LEES LAIDLAW, Vice Chairman New York State Woman Suffrage Party.

The New York State Woman Suffrage party, since it finished its great task of carrying New York state for woman suffrage, November 6, 1917, has devoted itself exclusively to war work and various forms of civic and patriotic service.

Mrs. J. L. Laidlaw.

We have recently sent the first woman's hospital unit abroad from the United States. This unit is the "War Baby" of the National Woman Suffrage Association, with which we are affiliated.

We have just held a great naval and military meet at Madison Square Garden, where a large sum was raised for this remarkable unit, which has sailed to do such valuable work in France. Every person in it, even to the plumbers and mechanics, are women, and they volunteered for dangerous service.

Other branches of our war service have been an intensive food conservation campaign and the War-Savings Stamps campaign. In all this active patriotic work we feel inspired with the thought of our own chairman, Mrs. Norman deR. Whitehouse, abroad on an important government mission and many others of the rank and file of our women who are engaged in devoted service "over there."

Citizenship Schools.

Another interesting branch of our work is the great university extension of citizenship. Schools are being held throughout the state under our Educational Committee.

Another line of work is that of our Intelligence Committee, which lists officials of all political parties and all men in every township and county in the state who have run or are to run for office. It is believed this committee will become extremely intelligent as time goes on, and its intelligence will react on the civic welfare of the state most tellingly.

Our Americanization Committee has issued some very effective and educational literature and is organizing in every center and community where there are foreign groups.

Maintaining Morale.

We realize that a great part of a nation's war time efficiency is in keeping life normal and efficient at home. In the last analysis that nation which keeps most nearly steady and normal in its industrial and domestic life will maintain that morale which will win the war for it.

The work of the Rural Problems Committee perhaps is of particular interest in this publication which is being sent out by the National Security League. Very few people in the country have stopped to realize how in our body politic the rural communities are discriminated against in the matter of socializing forces. Our great cities have their amusements, their municipal halls and baths, their community kitchens, their public libraries and lecture courses and innumerable settlements and clubs where people are drawn together and stimulated mentally and spiritually. We feel that some of these advantages should be brought to the country districts.

Any rural woman who wants to be put in touch with our legislative bulletin, with our correspondence courses in civic education or any information in reference to the work of the Woman Suffrage party should write to that organization at 303 Fifth avenue, New York city.

HOME PRESERVERS ARE NOT RESTRICTED

May Get Sugar from Merchants in all Quantities Upon Certificate

Raleigh June 4.—State Food Administrator Henry A. Page today instructed County Food Administrators to authorize sales of sugar to individuals who require it for preserving and canning fruits and vegetables in such amounts as may be required. The recent sugar rulling, which is still effective, permits the sale by merchants up to 50 pounds of sugar to individuals upon a certificate, supplies of which may be secured from the office of the Food Administration.

Larger quantities than fifty pounds may be secured only upon authority of County Food Administrator who will satisfy themselves that the sugar is needed and will be used only for the purpose indicated.

The rationing of sugar to all commercial users will result in ample supplies of sugar for canning preserving and other essential purposes.

ASTONISHING REPORT FOR AHOSKIE

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruits and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn in Alder-ko benefited her INSTANTLY. Because Alder-ko flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold.

HIGH SHERIFFS OF SOUTH ENDORSE IT

Officials From Four Southern States Tell of Benefits From Tanlac.

Four of the leading sheriffs of the south in widely separated states, have given their unqualified endorsement to Tanlac.

Hon. C. W. Mangum, who was for three terms sheriff of Fulton County Ga., residing in Atlanta said Tanlac has certainly helped me. My condition is now that of a well man. Tanlac proves to be just what I needed to put my system in shape and all my disagreeable symptoms of stomach troubles have disappeared.

Hon. Chas. I. Lewis, ex-sheriff of Crittenden County, residing at Marion Ark., said Tanlac has entirely relieved me of biliousness and malaria and has almost made a new woman of my wife, who has suffered for ten years with stomach trouble.

Hon. A. R. Anderson, who was re-elected seven times to office of sheriff of Harris County, Texas, residing in Houston, said: "Money couldn't buy the good Tanlac has done for me. I suffered from indigestion of the worst sort and had severe neuralgic pains. I have taken three bottles of Tanlac, my trouble is gone and I am like a different man."

Hon. S. A. Kelley, sheriff of Ector County, Texas, residing at Odessa, Texas says: "I needed a general all-round building up for over seven years and Tanlac has done that very thing for me."

Tanlac is sold in Ahoskie by Z. V. Bellamy.
