

ALL SHOT UP BUT HAPPY

Robert Slay of New York city has the distinction of being one of the most wounded and decorated men of the Seventy-seventh Division.

But He Fought for Germany. The truth of the adage as to the world being a small place after all is aptly illustrated in an incident which befell J. Hensall French of Philadelphia, who is engaged in Y. M. C. A. work in the American expeditionary forces in France.

Finding God. If we cannot find God in your house and mine, upon the roadside or the margin of the sea; in the bursting seed or opening flower; in the day duty or the night musing—I do not think we should discern him any more upon the grass of Eden, or beneath the moonlight of Gethsemane.

INDIAN PRINCESS GOES OVERSEAS AS Y. M. C. A. WORKER

Princess Galilohi, Descended From Cherokee Chieftain, Joins Canteen Forces in France.

A real, sure-enough Indian princess, is going to France to help entertain the American soldiers and sailors until the last one of them has been returned to the United States.

She is Princess Galilohi, great granddaughter of the famous King Cooweenkooee, chief of the Cherokees, and her mission in France will be in connection with the canteen work of the Y. M. C. A. Her Americanized name is Miss Anne Ross and for two years or more she has appeared as a lecturer, singer, dancer and exponent of the tribal life of her chosen people.

The princess will have a rather diversified program. She will sing Indian songs and dance Indian dances for the American soldiers and sailors and between times will dispense the dozens of different articles that are part of the stock of every Y. M. C. A. canteen.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

Every aid of their offices and field forces is being given freely to the public. But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid on accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

***** INCOME TAX PAYS FOR PUBLIC BENEFITS. "Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual propose to himself the evasion of tax liability as a desirable course of action." Daniel C. Roper, Commissioner of Internal Revenue. *****

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Mr. F. S. Royster, President of the F. S. Royster Guano Company, says that the part of his mail which he likes best consists of the letters from farmers who write him about the actual use of his goods, the results in the fields, crops grown, etc. No matter how many large problems of business management may present themselves he is more deeply interested than anything else in the actual user of the goods. He believes that this is the vital part of the business, because if the consumer is satisfied, success will follow of itself. In his life time experience in the fertilizer business he has proven this theory pretty conclusively, as the sale of the Royster brands has shown a growth that is unprecedented. Those who would like to have the benefit of his broad experience in soil fertility would do well to write him at Norfolk, Va.

This is a prescription prepared especially for MALARIA or CHILL'S & FEVER. Five or six doses will break any case, and if taken then as a tonic the fever will not return. It acts on the liver better than Calomel and does not gripe or sicken.

CHIEF ENGINEER

ALMOST GIVES UP

Thought He Would Have to Stop Working—Tanlac Makes Him Well Again.

"To my mind Tanlac is the greatest medicine in the world," said O. H. Mahaffey, chief engineer of the Life & Casualty building, Nashville, Tenn.

"For two years," he continued, "I suffered awfully with the worst kind of stomach trouble and went down until I lost forty-eight pounds. My back ached terribly and I suffered so much misery from indigestion that I thought I had an ulcerated stomach and was actually afraid to eat anything but a little oatmeal and sweet milk. I got weaker every day till finally, as nothing I took did me any good, I thought I would just have to throw up my job."

"My wife read in the papers where a man had suffered like I was had been helped by taking Tanlac, and she begged me to try it. After I had taken Tanlac a few days I began to get hungry and started to eat like I was starved, and nothing hurt me a bit. Soon those awful pains in my stomach and back were gone, I sleep fine at night now and get up in the morning full of life and energy and ready for my work."

Tanlac is sold in Ahoskie by Z. V. Bellamy and in Winton by Daniel & Shaw. adv.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.
