EYESIGHT IS OUR GREATEST FACULTY

We can't spare any of the faculties with which we are endowed. But of the five senses we can least afford to lose that of eyesight; which after all, is but another way of saying that vision is our most precious gift. Many people of today are inflicting grave injury upon their sight, simply because they do not understand it until too late. Neglect is robbing them of good vision. The moment your eyes give you the slightest concern, the least cause for alarm—Consult Dr. Masrow, Norfolk's foremost eyesight specialist, and let him give your eyes a scientific examination. He enjoys by far the largest patronage, and his lifetime experience assures immediate and lasting relief and satisfaction. Dr. Masrow's office is in the Dickson Building, corner of Granby and Tazewell streets. His charges for glasses are within easy reach of every body. Office hours: Sunday, 11 to 12 a. m.; daily, 9 a. m. to 5 p. m. Telephone 219.—advertisement.
