## Don't Wear Glasses Unless You Need To

So many people put off having their eyes examined because they believe the one who examines them will tell them that they will have to wear glasses, whether they need them or not. That all depends upon whom you consult—upon the man who examines your eyes; you must have confidence in him. Dr. Masrow, Norfolk's recognized eyesight specialist, has won the confidence of the public because of his upright, honorable dealings, and because of his twenty-five years' experience in caring for the eyes. So, do not "think" or "guess" about your eyes, but consult Dr. Masrow—he will tell you truthfully whether you should wear glasses or not. His office is in the Dickson Building, corner of Granby and Tazewell streets, Norfolk. His charges for glasses, considering the high quality of his work, are very moderate. Office hours: from 9 a. m. to 5 p. m.—adv.

"Some time ago sent away for some pedigreed corn. Put it in a gunny sack and hung it up on a rope suspended from the ceiling. Rats got it all—how beats me, but they did for I got five dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25c., 50c., \$1.00. Sold and guaranteed by E. J. Bell and Co., E. J.
