

# HERTFORD COUNTY UNDER QUARANTINE

Last year the cattle tick quarantine was lifted from all territory in Northampton and shipments of hogs and cattle were permitted to be made anywhere, the county having been declared free from ticks by inspectors in the employ of the State and Federal Governments, but of late it is reported ticks were appearing on the border of Hertford County, which is yet under quarantine, and which is a free range county. Mr. E. L. Stephenson, of Windsor, inspector in charge of Bertie and Northampton informs us that the government was forced to decide whether to again place parts of Northampton, which at considerable expense for building vats and dipping cattle had freed the county of ticks, under quarantine or to issue strict orders against hogs or cattle straying over from Hertford into Northampton. The latter course was taken and an inspector was appointed to keep a close lookout for stray cattle from Hertford and to take up all such stock, have them dipped at the owner's expense and in cases where opposition is shown to present the parties to the grand jury for indictment and prosecution, it being a violation of the Federal and State laws for stock in quarantined territory to be allowed to go into other territory except under rules and regulations provided by the two Departments of Agriculture for the State and Federal Governments.

Mr. Chas. H. Gould, of Woodland a gentleman of considerable experience and of good tact and judgement has been appointed inspector and will look after the strays coming over from Hertford.

It is not intended to do anything rash, but to enforce the law with the least hardships possible. Mr. Gould desires the co-operation of the people of both counties in enforcing the quarantine laws and regulations.

Bertie County is entering upon a campaign to free the county from ticks and dipping will begin in the month of next March. Dipping vats are now being constructed in that County.—Roanoke-Chowan Times

**An old Foul Finder.**

An irritable and fault finding disposition is often caused by indigestion. A man with a good disposition and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. —adv.

# HE COULD NOT LIFT LEFT HAND TO HEAD

**J. B. Woodard After Being In That Condition Two Years Is Relieved By Tanlac—Feels He Could Win Foot Race.**

"I feel like getting right there in the street and out-running any other man in town," said J. B. Woodard, of 256 Rand Avenue, Lexington, Ky., in telling of the remarkable benefits he derived from the use of Tanlac.

"For many years, he continued, "I had suffered terribly with stomach trouble, rheumatism and neuralgia. The rheumatism was so bad for two long years, that I could not raise my left hand up to my head. Nothing I ate agreed with me, and I was almost afraid to try to eat anything. One thing after another kept me miserable and I hardly knew what to do for myself. You know, a man can suffer until he loses hope of getting well, and that was almost the fix I was in.

"Everybody has been praising Tanlac so highly and so many people I knew had been helped by it, that here a while back I tried it for myself. In two or three weeks after I started taking it, I began to feel like a different man. I kept on using it and now all my troubles are gone. My stomach doesn't bother me a bit, I can eat heartily and enjoy it and digest it and I can use my arms as well as I could before I began to suffer. My family and friends see the great difference Tanlac had made in me and I certainly am glad to recommend it."

Tanlac is sold everywhere by all leading druggists.—adv

**"Why I Put Up With Rats for Years"** Writes N. Windair, Farmer

"Years ago I bought some rat poison, which nearly killed our watch dog. It so scared me that we suffered a long time with the rats until a neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes, 25c., 50c., \$1.00. Sold and guaranteed by E. J. Bell & Co., Z. V. Bellamy, and E. J. Gerock.—advertisement.

"Rat-Snap Beats the Best Trap Ever Made," Mrs. Emily Shaw says.

"My husband bought a \$2. rat trap I bought a .50c. box of RAT-SNAP. The trap only caught three rats but RAT-SNAP killed 12 a week. I'm never without RAT-SNAP. Reckon I couldn't raise chickens without it." RAT-SNAP comes in cakes. Three sizes, 25c., 50c., \$1.00. Sold and guaranteed by E. J. Bell and Co., Z. V. Bellamy and E. J. Gerock.—adv.

## HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the difference in your face, clearer and brighter, wash out a heavy coating of dirt from your tongue or a bad taste in your mouth, just try inside-lime phosphate for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.
