## There Is a Delco-Light Man Near You

No matter where you live, there is a Delco-Light man within easy reach of you.

This means much more to you than mere convenience in the purchase of a Delco-Light plant.

These men are trained men—they KNOW electricity as applied to farm use.

They can advise you as to the size of plant you should have.

They can see that your house and barn are properly wired—

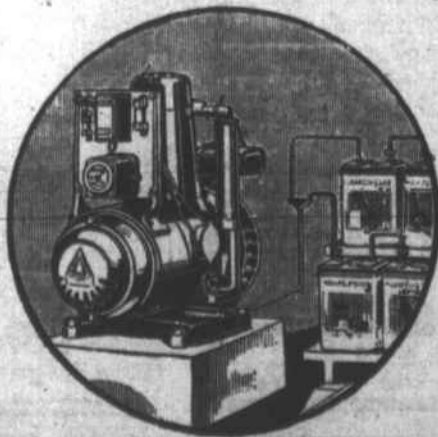

They can superintend the installation of the plant so that it will give you the most efficient and economical service.

They can give you intelligent advice as to the purchase and use of water system, washing machine, churn, separator, milking machine and other appliances that you can operate with the electricity furnished by Delco-Light.

And—after the plant is installed they are always near-by to advise with you and see that you get one hundred per cent satisfaction out of its operation—

Delco-Light is a complete electric light and power plant for farms and country homes. self-cranking — air-cooled — ball bearings — no belts — only one place to oil — Thick Plates, long-lived Storage Battery — RUNS ON KEROSENE.

Delco-Light is lightening labor, bettering living conditions and actually paying for itself in time and labor saved in more than 75,000 farm homes.
