Entered as second-class matter February 25th, 1910, at the post office at Ahsokie, North Carolina, under the Act of March 3rd, 1878.

Friday December 19, 1919

The contract for the installation of waterworks and sewerage in the town of Ahsokie has been let to the J. B. McCrary Co., of Atlanta, Ga. Work on the project will begin soon after the holidays. This information was conveyed to the Herald by Mr. W. L. Curtis, Mayor of the town on Thursday just before going to press. The estimates have been made and it has been ascertained that the work can be accomplished for a much less sum of money than many of the opponents of the measure had predicted. (This information comes as a welcome Christmas Gift to the people of Ahsokie.

And, but for the "monkey" we would have a dry Christmas.

Keep your money at home. In other words, do your holiday shopping at home.

It's a good plan to get this subscription of your paid up and out of the way before Christmas. We'll feel better about it, at least.

The State Superintendent of Education is anxious that "Aycock School Improvement Day" be held at all of the schools in this County on Friday of this week.

Read that article on page one of this issue, and you'll understand why so many weekly newspapers are increasing the subscription price to two "plunks" per year.

Next week's paper will either be published a day earlier or later than usual, which one, we cannot tell now. But, one thing we do know, 'dog gone' if we don't take one day off, in spite of everything.

As we have so often mused before, a little pavement in the vicinity of the United States Postoffice would be well placed; and, somehow, we have hopes that it will be accomplished some time.

Your subscription to the Herald would be a good Christmas gift to the Herald. Or, your renewal would be just as acceptable. And, by the way, a subscription to the Herald is sure to be a good gift that you might give some friend or relative.

Elizabeth City will come to Ahsokie on January 6, with a good and tempting proposition to offer for the removal of Chowan College to that city. They are making a wonderful showing over there in their subscription campaign. They will come over "loaded." Right now is a good time for Ahsokie to make a renewed effort to do even more than she has already done. By all means, people, let's don't let this institution get out of this section.

Mangan

Creates Rich, Red Blood  
Pepto-Mangan Obtainable in  
Liquid or Tablets—Insist on  
"Gude's" the Genuine

There really is no reason why men and women with thin, watery blood and consequent poor health should remain in that unfortunate condition. Thin, nervous, rundown, tired people never get much happiness out of life. Men and women with the bloom of health in their cheeks, a cheerful sunny disposition and an attractive personality are the folks who get most of life's enjoyment, pleasure and success.

Gude's Pepto-Mangan furnishes the thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality and strength to every part of the body. Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal qualities.

When you buy Pepto-Mangan of your druggist, be sure the name is "Gude's" on the package. Without "Gude's" it is not Pepto-Mangan.—advertisement.
