### IN Loving Memory.

No one knows how we miss our loving darling little Ellen. How she made our home so happy with her precious little songs. We praise Thee O God and "Help Somebody Today." She was very small but she learned to love to sing God's praises and wanted to be a Sunbeam.

We do miss you, little darling. Your footsteps and your sweet songs too. But we hope to meet you over yonder in that home above. It did seem hard to part from you dear darling. How our hearts were filled with pain but the Lord knows best so we submit to his will.

We often do think of you, sweet darling. Often sing the songs you sang; an hope to meet you sweet love in that home above.

## "I HAVE NEVER SEEN THE EQUAL"

That is What Mrs. Mary Cope Says About Tanlac—Her Troubles Are Ended

"In all my seventy-two years I have never seen the equal of Tanlac," said Mrs. Mary C. Cope, of 274 N. Hicks St., Los Angeles, Cal., recently. "During the past six years," she continued, "I had so much trouble with my stomach that I couldn't eat anything without bloating up with gas and feeling miserable afterwards. I was so nervous and rundown that I could hardly rest or sleep at night and simply felt miserable all of the time."

"I had read about Tanlac helping others and decided to try it for myself and it has certainly proved to be the right thing for me, as I have taken only four bottles so far and am feeling as well already as I ever did. My stomach is in fine condition and I can eat anything and enjoy the meals and that tired, nervous feeling has left me too. I sleep like a child every night and feel strong and well all the time. I am glad to recommend Tanlac and can hope my experience with it will cause other sufferers to try it."

### INSIST ON GENUINE FORD PARTS

Imitation "Ford" parts are being sold by many mail order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not genuine Ford parts. They are made by concerns who have no connection with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend.

The Authorized Ford Dealers are your protection. As such we handle nothing but the genuine Ford parts. They are made from the famous Ford Vanadium steel, and each part—according to its use—is heat treated in the way that will give the longest wearing qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.
