A large delegation of citizens of the town appeared before the city fathers Monday night, to make complaint regarding the small water pipes that will be laid on West Church Street. The commissioners gave, the delegation a hearing but took no action looking to the relief of said citizens.

Attention is called to the fact that the town of Ahooskie is in no wise liable for damages by reason of stock falling in the water pipe ditches in the town. There is an ordinance prohibiting the running at large of hogs as well as cattle at certain hours. It would be more like it if the owners of such stock would keep their stock out of town and away from the danger.

Woodland Play Was Poorly Attended

The play, "The Noble Outcast," which was given by Woodland talent at the Ahooskie High School auditorium on last Friday night, was very poorly attended, the door receipts only amounting to about fifteen dollars. The play was well executed, and special mention should be given to the young man taking the part of the outcast.

The rains kept the crowds away. However, those of us who were there can speak for the excellence of the performance.

Why That Headache?

When you know the cause of a disease a cure may often be effected. This is particularly true of headache. Headache often results from constipation or a disordered condition of the stomach which may be corrected by taking a dose or two of Chamberlain's Tablets. Try it. These tablets are easy to take and mild and gentle in effect.—advertisement.

Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine can be procured or a physician summoned. The uniform success that has attended the use of this remedy and the prompt cures which it has effected have made it a staple article of trade.—advert.

Periodic Bilious Attacks

Persons subject to bilious attacks at regular intervals should know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink coffee or eat at any time. adv
