

KNOX

Every Knox Hat is guaranteed by the KNOX trade-mark it bears. Should, by chance, anything go wrong with it in a day, a week, a month or a year, the wearer is entitled to a new hat. A guarantee we seldom have to work, but always there as an insurance policy for the man who buys a KNOX HAT.

A SYSTEM-BUILDER

People who have been sick, need a tonic to help them regain their strength. After severe illness, you know the tired, weak, no-account feeling that hangs on, after you get up and begin to go about. The sooner you get your strength back the better, and you should derive valuable assistance, in enriching your blood, renewing your appetite, helping you to digest your food, and to build up your system, by taking

The Scientific Iron Tonic

Mr. Ervin Horton, a prominent citizen of Horton, Ala., writes: "I have been taking Ziron, and it is a wonderful medicine. It helped me more than anything else, after I had the influenza. It is a great system-builder. I appreciate what Ziron has done for me." The merit of Ziron has been proved by the good results obtained by thousands of men and women who have taken it. You should try Ziron. Your money will be refunded if the first bottle of Ziron fails to help you.

Ask your druggist for Ziron. Accept no substitutes. ZJ. 2

Repair The Wear

Hard Work Often Breaks Down a Person's Health
and Creates a Need for Ziron Iron Tonic.

MEN and women who do hard labor, such as building, farming or housekeeping, and those who do exhaustive brain work of various kinds, often feel the need of something to help renew fagged forces and tone up the system.

To help repair the wear caused by over-work, to gain renewed strength and energy, many have obtained good results from taking Ziron Iron Tonic. Ziron is a perfected preparation of pure medicinal iron salts, combined with other valuable strength-giving

tonic ingredients, which are recommended by leading physicians. Mr. H. B. Converse, of McEwen, Tenn., writes: "I had been working very hard, and was getting weak and run-down from hard work. When I commenced taking Ziron, in a few days I felt stronger, and now I have taken two bottles I feel as strong as ever, although I have kept at work all the time." You cannot lose anything by giving Ziron a trial, but very likely will gain much. Your druggist will sell you the first bottle on a money-back guarantee.
