### DEATH OF YOUNG CHILD

The death angel visited the home of Mr. and Mrs. E. L. Min ton and took from them their precious and darling baby. Everybody loved him for he was so good, and always ready to offer a smile and try to talk to them. He suffered long but patient. We loved him well, but the Savior loved him best, so he took him from us and made him an angel to sit by His own throne.

### MANY "PUNCH" SCENES IN "EXPERIENCE" HERE

Here are some of the scenes that will be shown at the Richard Theater next Wednesday night when "Experience" will be shown on the local screen.

When youth meets ambition and leaves his mother, Love and Home, to make his fortune in the city.

When Pleasure confronts him and Opportunity, refusing to wait, leaves him to his fate.

When Youth meets Beauty, Wealth, Fashion, Intoxication, and Temptation at the Primrose Path with whom he associates with delight.

When Youth's mother dies, and Love goes forth in a severe storm to send him a telegram, which is intercepted by Temptation who has ensnared him.

When Love goes to the Primrose Path where Youth is holding high revel and is denied admittance.

When Youth finds himself penniless and his friends desert him a wandering bankrupt followed by Poverty.

When Youth is accused of the theft at a tavern where he is employed and cast out. He then meets Vice and Habit who tell him how to forget by the use of fatal drugs.

When Youth consents to go with Crime to rob the home of Wealth and hearing a choir sing in a church he repents and decides to return home.

## THE DOOR SLAMS ON HAPPINESS

### POOR BLOOD MAKES BAD HEALTH—THEN COME THE "BLUES"

Once the vigor of red blood becomes sapped of its strength the door to happiness is literally slammed. Weariness of body follows and it unfailingly engenders depressed thoughts. To be reserved and cheerless becomes a habit. After a time there is an almost filmy dimness in the expression of the eyes and a pallor to the skin. Days seem dull and dark and difficult. A sense of insufferable gloom pervades the spirit.

Then it is that Gude's Pepto-Mangan is the great help. It is a red blood builder. It puts red into the blood—increases the number of corpuscles which also makes rich red blood. When the blood is restored to its natural healthy state, the sensation of well-being returns. Instead of shuffling along carelessly, there is a firm and springy step, the bright lusterful eyes, the clear complexion, identified with the strength and vigor of good health. The druggist has Gude's Pepto-Mangan in both liquid and tablet form.—advertisement
