## THE FORGOTTEN PLEDGE

The torch which they when dying threw,  
Was caught and once held high,  
'twas new  
'Tis charred and cold, it once was bright and hot,  
We let the flames expire, for we forgot.

Are not the hearts of poppies still aflame with red?  
Or do they droop with sorrow laden head,  
Where broken pinions of grim war birds rot,  
Between the rows of crosses white since we forgot.

Breathe on the torch again, Set it aflame,  
They did not die for naught, Ours is the shame  
For did we swear to see them through or did we not  
Was it through petty spite, or selfish ends to gain?

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
