ORDINANCE AUTHORIZING THE ISSUANCE OF \$12,000 ELECTRIC LIGHT AND POWER BOND OF THE TOWN OF WINTON, N. C.

Be it resolved by the Board of Commissioners of the town of Winton:
Sec. 1. That in pursuance of the provisions of the Municipal Finance Act (Sections 2918 to 2961, Consolidated Statutes of North Carolina, as they are amended and re-enacted, Extra Session of 1921) negotiable bonds of the Town of Winton, to be known as "Electric Light and Power System Bonds," are hereby authorized to be issued in an aggregate principal amount not over TWELVE THOUSAND DOLLARS, for necessary expenses of said Town, to-wit: for the purpose of paying for the construction of an electric light and power system for furnishing light and power to the Town of Winton and its citizens.
Sec. 2. A tax sufficient to pay the principal and interest of the bonds as hereby authorized shall be annually levied and collected.
Sec. 3. The following matters are hereby determined and declared to be pursuant to the requirements of Section 2936 of the Municipal Finance Act:

(a). A statement of the debt of the Town of Winton has been made and filed with the Town Clerk pursuant to the Municipal Finance Act, and is open to public inspection.
(b). The assessed valuation of the property subject to taxation by the Town of Winton, for the year of 1921, as shown by the statement, is \$605,273.
(c). The amount of the net debt of the Town of Winton outstanding, authorized, or to be authorized as shown by the statement, is nothing.
Sec. 4. This ordinance shall be published once in each of two successive weeks after its final passage, as required by section 2944 of the Municipal Finance Act.

Sec. 5. This ordinance shall take effect thirty days after its first publication unless in the meantime a petition for its submission to the voters is filed under the Municipal Finance Act, and in such event it shall take effect when approved by the voters of the Town of Winton at an election as provided by said act.
The foregoing ordinance was passed on the 16th day of February, 1922 and was first published on the 24th day of February, 1922.

Any action or proceedings questioning the validity of the said ordinance must be commenced within 30 days after its first publication.
P. S. JORDAN, Clerk,
Town of Winton, North Carolina.
Feb. 24—3times.

NOTICE OF SALE OF BONDS
Notice is hereby given that bids will be received by the Board of Commissioners of the Town of Winton, North Carolina, at the Clerk's office in said Town, up to and including March 16, 1922, at noon, for the purchase of \$12,000 Electric Light and Power System Bonds.

Said bonds shall be dated March 1st, 1922 and mature \$500 thereof on the 1st day of March in each of the years 1924 to 1935 both inclusive and \$1,000 thereof on the 1st of March in each of the years 1936 to 1941, inclusive, bearing interest at the rate of SIX PER CENT per annum, payable semi-annually, denomination of \$500 each, and both the principal and interest payable at the Hanover National Bank, in the City and State of New York.

Said bonds are issued in pursuance of the Municipal Finance Act (Sections 2918 to 2961, Consolidated Statutes of North Carolina, as amended and re-enacted, Extra Session of 1921) and an ordinance and resolution duly adopted by the Board of Commissioners of said Town on the 16th of February, 1922.
Each bid must be accompanied by a certified check of \$240.00 payable to the Treasurer of the Town of Winton, North Carolina, as evidence of good faith. No offer for less than par will be considered.
The right is reserved to reject any and all bids, or to accept any bid deemed for the best of the Town.
By order of the Board of Commissioners of the Town of Winton, North Carolina.
P. S. JORDAN, Clerk,
Town of Winton, North Carolina.

CORRECT NUMBER OF EGGS FOR HATCHING

Poor Turkey Hatches Often Due to Crowded Hens.

Fowl Will Cover From 15 to 18 Eggs, and Sometimes More, Much Depending on Her Size—Incubators Are Successful.

(Prepared by the United States Department of Agriculture.)

Turkey hens and chicken hens ordinarily are used to incubate turkey eggs, although incubators are used where turkeys are raised on a large scale. During the early part of the laying season it often happens that there are on hand a number of eggs that should be set before the turkey hens are through jaying their first litter, and become "broody." In such case, and also when it is desired to have the turkey hens lay a second or third litter, some of the eggs have to be incubated under chicken hens or in an incubator.

About a week before the poultry are to hatch a sufficient number of turkey hens should be allowed to sit to take all the poult hatched. They can be given a few eggs from the incubator or from under the chicken hens,

Turkey Hens Are Close Sitters.

and allowed to hatch the poult themselves, or at night a newly hatched poult can be slipped under each turkey hen that is to be given a brood of poult, and by morning they will take them, poultry specialists in the United States Department of Agriculture say.

Turkey hens are close sitters, and if managed properly they are the surest means of hatching turkey eggs that can be used. Incubators are quite as successful with turkey eggs, however, as with chicken eggs. Poor hatches are a very frequent cause of complaint among turkey raisers, and this is quite often due to crowding more eggs under the hens than they can properly cover. One egg too many means that every egg in the nest probably will become chilled at some time during the four weeks of incubation. Turkey hens cover from 15 to 18 eggs, and in some cases more, depending on the size of the hen. Chicken hens of the general-purpose breeds cover from eight to ten turkey eggs.
The turkey-egg capacity of an incubator is approximately three-fourths of the chicken-egg capacity.

YIELD TO PROFITABLE COWS

Every Dairyman Should Weigh Each Milking and Have Sample Tested for Butterfat.

"Every owner of dairy cows should know if his cows are giving enough milk or butterfat to make a profit over the cost of feed," says A. C. Baer, professor of dairying at Oklahoma A. and M. college. "A scale to weigh the milk in the barn can be bought for \$4. It takes only a few minutes a day extra time to weigh the milk from each cow and write the weight on a milk sheet tacked up in the barn. Once a month a sample of milk can be tested. Any creamery, ice cream factory, or cream station will usually be glad to do this testing. Every schoolhouse can be equipped with a tester at very little expense, and the boys at school can do the testing."
"A profitable cow should produce 6,000 pounds of milk or 200 pounds of butterfat in 300 days. Are your cows all profitable? Why not find out? Is milking dairy cows a business proposition with you? If so, why not apply business methods?"

GLUTEN FEED FOR FALL PIGS

Corn is Not as Satisfactory for Swine as it is for Sheep and Dairy Cattle.

It has been found that corn gluten meal is not extremely satisfactory as a feed for fattening fall pigs. It is not nearly so good a feed for hogs as for cattle and sheep. It brings better results with dairy cattle than with beef steers. It seems that the most satisfactory returns are made from corn gluten feed for hogs when it is fed in a self-feeder alone with corn self-fed in another feeder and tankage in a third feeder. The results are improved if this feed is fed in connection with good pasture.

KEEP HORSES IN CONDITION

Injurious Practice to Permit Animals to Go for Weeks Without Some Attention.

Don't neglect to curvy the horses these days. It is injurious to allow them to go for days and weeks without attention. A good currying one or twice a week will not only make them look better, but they will feel better and keep in better condition.

BETHLEHEM NEWS

Miss Ruth Thomas has returned to her home from Stanstonsburg, where she was called to the bedside of her sister, Mary Thomas.

Mrs. S. J. Hill was the guest of her mother, Mrs. Mat Godwin, last Wednesday.

EVANSTOWN NEWS

Sunday afternoon looked like Sundays of long ago. As cars are on a strike, the boys took the old standby, horse and buggy.

Mrs. W. E. Miller and daughter left Sunday for Rocky Mt., where they expect to spend a few days with Mrs. Miller's son Mr. George Miller.

Last week was a week of the weeks, as everybody had to sit by their own fires.

We are sorry to report Mr. William Brinkley's baby on the sick list this week. Hope it will soon be better.

Mr. L. O. and J. L. Wynns attended meeting at Colerain Church Saturday, but the furnace was overflowed with water and they could not have any fire, so the meeting was postponed.

We are glad that Mr. A. C. Holloman is able to be out once again after a brief illness.

Mr. K. R. Wynns and sister, Thelma, went to Mill Neck last Saturday night to a box party. Mr. D. D. Miller and B. R. Holloman went to Ahoskie on Monday, on the wagon. Guess they made the trip.

The boys had lots of fun tracking rabbits in the snow on last Friday. H. C. Barnes and Hunter Holloman tracked thirteen and killed eight of them.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eruptions Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a Little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Ears itchy, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

BACK IN BUSINESS

I take this opportunity to thank my many customers and friends for their trade and cooperation during the years from 1905 to 1918. During these 10 years I believe you will acknowledge that I have saved you money on your Hay and All Feedstuff. This February 15, 1922 will find me back in the Feed Business at my old stand with a stock that will care for every need. Mr. J. A. Doughtie will be in charge and ready to serve you at any time.
