TOBACCO ASSOCIATION URGES FARMERS TO PRO-DUCE MORE FOOD CROP

Directors and Officials of the Tobacco Association Advise Raising More Food and Feed Crops This Year

The largest Co-operative Marketing Organization in the Southeast will continue the official business of its 50,000 members when the Directors of the Tobacco Growers Association from the Carolinas and Virginia meet in Raleigh for the second session.

Among the 22 directors elected by the members of the marketing associations and the three directors appoint ed by the Governors of the Carolina and Virginia, are leading tobacco farmers, business men and bankers of the three states.

While most of the Directors are distinguished for success in farming they represent, they are nevertheless the popular choice of a majority of tobacco growers from three States, After a period of nearly seven with whom they have been fellow years as editor of the HERALD, I workers in organizing for fair returns

But even with leaders who are tried and true, and with banking connec-March 6th., I will assume the duties tions of far reaching importance, such of city editor of the Logan Democrat, as are now assured to the Tobacco an afternoon daily in the city of Lo- Marketing Association, the folly of gan, West Virginia, No doubt many disloyalty of members may block the miracle. You didn't last year, Never

In this connection the first message of the tobacco growing Directors of the Cooperative Marketing Association, to the thousands of members with the apple blossoms when May who elected them, is worth heeding at ners of Mingo and Logan counties. At this time "produce economically, and that time it was necessary for the Fed- we will market profitably" say the di rectors of the growers.

Following a year when only one American farmers were made with sufficient economy to bring a fair margin of profit for the farmer, and at a the first necessity of success for every member of the Association is eco nomic production of food and feed upon his farm, in order that he may

When the cash returns form the best tobacco crops are spent for canned goods, baled hay and store feed, It is with a mingled feeling, both the tobacco grower is failing to make of regret and genuine good fellow- his living because he falls short of ec-

> Next to their losses under the outworn system of speculative markets to which they have submitted for so long, most tobacco farmers will agree that the folly of the one crop system has been their worst enemy.

To avoid the error of staking their year's labor upon one money crop again, the organized tobacco farmers been the watchword; and success, in are urged to meet the present hard times with economic production of the home supplies of food and feed stuff on the farm that even a small crop of arbritrarily fixed as to prevent the pos tobacco will bring a profit when thoussibility of return to the position I am ands who are now forced to buy their food and feed will raise the grain and

lots of water.

Rating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uris acid in meat excites the kidneys, they become overworked; get aluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithiswater drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

A Worth-While Game.

Play a game with your calendar. Turn the fair leaves of it, and casually mark down some engagement with yourself; and when the day wheels around, remember that you said in your heart that you would do some act of kindness then, no matter how busy you might be. Write "go to the woods" on, say October 14. Then you know the trees will be turning crim-son, and the hills will be like a flam ing tapestry. You should not miss the again! Mark for July 9 that you will rise and see the sun come up in all its glory and magnificence. A sum mer sunrise! How long since you have seen one? Make a rendezvous swings through your valley. In some enchanted orchard you will agree to meet her on the sixteenth day after her arrival.

Those dates with beauty and delight well, they are worth making for the soul's god. See, then, that you keep them!—The Designer.

TO MOVE VILLAGE A MILE

United States Steel Corporation Or dere Hibbing (Minn.) Placed on New Site.

Pittsburgh, Pa.-The United States teel corporation is going to under take the task of moving a whole town -Hibbing, the world's richest village located in the center of the great iron belt of the Mesaba range of northern Minnesota. Within six months this noted village, known the world over wherever steel is a commodity, will be a mile away from the site of its birth, and the great corporation's steam shovels will be digging ore where old Hibbing stood.

An engineer of the steel corporation said recently that he was seated in his office in New York some time ago when a phone call summoned him to the office of Judge Gary, chalrman of the board. He was in Mr. Gary's office only two minutes, but in those two minutes he was asked a half dozen stions bearing on the topography of Hibbing, the town founded by the late Henry W. Oliver of Pittsburgh. and then was instructed to "put that town on the move and keep it on the until you have it a mile away"and there were no further instruc-

And now Hibbing is to be "put on the move. When settled down on its new site, it is to be known as "New

SMALLEST PEKINGESE
