BANK OF HARRELLS-  
VILLE, N. C.

A Bank's policies determine its course in cooperating in the new development and upbuilding of the community, and if it is progressive and public spirited its effect on the community is apparent.

The Bank of Harrellsville has, since its organization in 1912, been one of the biggest factors in the promotion of all those things which go to make a wide-awake progressive section.

The stockholders, officers and directors of the bank are men who take a healthy interest in the cultural and commercial progress of Hertford County and they are also men who have made successes of their individual enterprises. Consequently their management of the affairs of the bank has been such as to make it more and more an integral part of the community.

Fully equipped for handling its splendid patronage from this entire section, the bank offers every convenience and protection to its customers and clients. It has a burglar and fire proof vault with triple time extension locks, safety deposit boxes, and all other necessary equipment.

It has extensive connections with other financial institutions, pays 4 per cent interest on savings and offers every facility to its customers consistent with the principles of sound banking.

When organized eight years ago, the bank had a capital of \$7,500. This has been increased to \$10,450 and it has accumulated a surplus equal to its capital, showing its strength and growth.

The bank fixtures are of mahogany, and the general appearance of the institution together with its atmosphere of service and helpfulness has made it one of Hertford County's greatest assets.

The directors of the bank are Dr. J. A. Powell, Messrs. W. A. Perry, J. O. Askew, Jr., H. H. Taylor, B. Scull, J. Ed. Askew, R. B. Williford, R. C. Mason and M. R. Taylor.

The officers are Dr. Powell, one of the most prominent physicians of this section; Mr. W. A. Perry, a leading farmer is first vice-president; Mr. J. O. Askew, Jr., a progressive merchant; second vice-president; and Mr. E. D. Callig,

H. H. TAYLOR,  
GENERAL MDSE.

Every community has its men who are constantly striving to aid in building up their section. Some accomplish more than others but it is the spirit of the thing which counts most of all because of the example it sets for other citizens.

Such a man is Mr. H. H. Taylor, one of the leading business men in Northeastern North Carolina, a leading citizen of Harrellsville, and a man who stands for all things which are progressive and go to aid in the development and upbuilding of the community.

In addition to conducting a leading and well-stocked general merchandise store at Harrellsville, Mr. Taylor is an extensive manufacturer of pine and gum lumber, is owner of a cotton gin, and also operates a grist mill.

The business was first established nineteen years ago under the firm name of Copeland & Taylor, being taken over by Mr. Taylor six years ago.

The general merchandise store is completely stocked and carries a large line of staple and fancy groceries, flour, feedstuffs, etc., dry goods, notions, men's clothing, shoes and boots, caps, hats, gents furnishings, hardware, harness furniture, etc.

The store is noted for its fair prices, and the fact that it sells honest merchandise at honest prices means much to its business as well as increases the prestige of Harrellsville as a trading center.

In his other enterprises Mr. Taylor exercises the same ideas and principles. His plants are modern and he operates the cotton gin and grist mill with gasoline engines. His saw mill is operated by steam.

For many years Mr. Taylor used an International tractor mounted on a log car to take the place of a steam locomotive. He recently purchased a Fordson tractor to take its place. Included in his equipment are three stationary engines and two farm tractor engines, as well as three marine engines.
