BETHLEHEM NEWS

There will be regular services at Bethlehem next Saturday and Sunday.

The B. Y. P. U. of Bethlehem church will meet from now on every Sunday afternoon at 4 o'clock.

We are glad to note that Mrs. S. C. Godwin is able to be out again.

Mr. Tommy Kiff of Norfolk, U. S. N., is spending some time with his parents near Brantleys Grove.

Mr. Jim Overton and little daughter are quite ill with the "flu" at the home of Mr. and Mrs. M. V. Wilson.

Mrs. W. M. Askew is on the sick list.

Messrs. Tommy Kiff and Loney Dilday motored to Christian Harbor Tuesday night.

Mrs. Alice Brewer of Aulander are quite ill with the "flu" at the home of her sister Mrs. W. M. Askew.

News reached here today that Mrs. Lillie Dilday of Norfolk is quite ill at the home of her daughter. She is threatened with pneumonia. Mrs. Dilday formerly lived in this section.

Mr. B. F. Wilson and daughter motored from Christian Harbor last Sunday and were the guests of his brother Mr. M. V. Wilson.

The wife of George Melton, one of our respected colored citizens, was taken to a hospital in Norfolk Tuesday for treatment.

Mr. and Mrs. W. M. Askew entertained a number of their friends last Wednesday night. Those present were; Mr. and Mrs. E. Holloman, and Miss Julia Leggit of Cofield, Mr. and Mrs. Jim Overton and children, Mr. and Mrs. M. V. Wilson, Mr. and Mrs. Alice Brewer of Aulander; Mr. and Mrs. Daniel Lowe and family, Messrs. Ambrose Wiggins, Glen Siamons, James Vann, Loney Dilday and Wilton Askew. Music was rendered by Messrs. Henry, Hart, and Bell.

There will be regular services at Brantleys Grove next Saturday and Sunday.

TWO MEN FOUGHT A DUEL

One man was named Shott and the other Nott. Some said that Nott was shot, others that Shott was not. Hence it was better to Shott than Nott. There was a rumor that Nott was not shot, and Shott avows that he shot Nott, which proves either that Nott was shot notwithstanding. On trial it was proved that the shot Shott shot shot Nott, or, accidents with firearms are frequent, it may be possible that the shot Shott shot Shott himself, when the whole affair would resolve itself into its original elements, and Shott would be shot, and Nott would be not. Apparently the shot Shott shot shot not Shott but Nott.

TAKE GUDE'S PEPTO-MANGAN

It is the Safe and Reliable Tonic Used by Physicians for 30 Years

There are "new styles" even in medicines. A new "fad" comes, is popular for a while, and then fades out of public view. A remedy that has stood the test for thirty years must have remarkable merit and cannot be called a "fad." Such is Gude's Pepto-Mangan, originated by Dr. A. Gude over a quarter century ago, which has helped many thousands of people back to good health by improving the blood. Pepto-Mangan is an iron tonic. It contains iron in a special form easily absorbed by the system. It puts color into the entire body by improving and enriching the blood. It is sold by druggists in both liquid and tablet form. If you want to be well and strong and look fine and healthy, take Gude's Pepto-Mangan. Advertisement.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

EXTEND AIR ROUTES

All Nations Making Effort to Develop Civil Aviation.

British Observer Says 1922 Appears to Be Crucial Year in the Extension of Commercial Airways—Air Travel Popular.

London.—All countries are making great efforts to extend their commercial airways this year, writes Maj. W. T. Blake, the aeronautical correspondent of the Daily News. Indeed, 1922 appears the crucial year for civil aviation.

In addition to new air service in England from London to Manchester and from London to Ireland, two pay companies have been approved by the air ministry to operate continental services. Of these Daimler Hire, Ltd., will operate between London and Paris with a possible extension to Switzerland, whilst between London and Brussels the Aerial Routes syndicate, Ltd., proposes to operate.

The Instone Air line and Handley Page Transport will continue their services to Paris, whilst one or the other will probably start operations on the Dutch route.

France, in addition to maintaining her present services to London, Brussels, Amsterdam, Czechoslovakia, Warsaw, Morocco, etc., has arranged to open up the route from Prague to Constantinople via Budapest and Bucharest. This will be a branch of the Paris-Warsaw service, the junction being Prague. A second route to Constantinople also will be opened up by the company, which at present operates the service from Bordeaux-Toulouse, Montpellier. This service will be definitely extended to Marseilles and Genoa, and will continue to Constantinople if circumstances warrant a further extension.

Denmark has recently sent a mission to Germany with a view to investigating the possibilities of purchasing large passenger-carrying machines for the opening up of various Scandinavian routes.

Portugal—which so far has displayed little practical interest in commercial flying—is opening up a service from Lisbon to Paris via Valladolid and Bordeaux. The capital of this company is two million escudos, at the normal rate of exchange about £375,000. This will, of course, bring London into direct aerial communication with Lisbon. Other Portuguese air services contemplated are from Lisbon to Oporto; from Lisbon to Madrid; from Lisbon to Faro.

Additional links in the European system which are being opened up by various companies will enable the aerial traveler to proceed from London to Algeria via Paris and Marseilles and from London to Morocco via Paris, Toulouse and Barcelona. The new Portuguese route will give a direct service between London and Lisbon and the new French service will give a direct route from London to Constantinople.

England is already linked up by air with Brussels, Amsterdam, Copenhagen and Berlin, so that there are now very few European capitals which cannot be reached by regular air services in, at the outside, two days' air travel.

TEST EYES OF MILLION KIDS

Vision of All Pupils in New York Public Schools Examined in One Day by Physicians.

New York.—Nearly 1,000,000 boys and girls of New York's public schools had their eyes tested in one day recently. It was health day in the schools, and the Eyesight Conservation Council of America cooperated with the school authorities in arranging the wholesale eye testing, and distributed 50,000 copies of a pamphlet on the care of the eyes.

Teachers in the schools will cooperate in the examinations for defects of vision. Ears, teeth, nutrition and nasal breathing will also be tested.

Goos Too Far for Death Data.

New York.—Seeking data for his book, "The Hereafter," Thomas W. Weggielus of Brooklyn, a twenty-three-year-old chemist, swallowed what he thought was just enough anaesthetic to take him to death's portals. The book will never be finished for young Weggielus miscalculated the dose and the portals swung wide for him.

Earth-Slip Moved Whole Town 11 Feet

Benton, Wash.—Residents of Cedar Falls, a mountain town forty miles from Puget sound, were terrorized recently when the entire place moved eleven feet toward Cedar Lake. Should the slide continue it will mean the loss of all property and the abandonment of the town site. It has been found that the clay formation upon which the foundations are erected lies in a slanting rock strata of extreme smoothness. There is really nothing but the weight of the clay subsoil to keep it balanced. The winter's deep frost and a supposed earthquake shock may have been cause of the earth-slip. As every section of the town moved exactly the same direction and space the only damage was a few broken window lights.

LOAD UP

The roads of this section are again in good shape, so why wait for freight and loose sales, just drive your truck to our warehouse and load up. Our line is complete in every detail, and we are at your service at all times.

Mr. Merchant:

Stop right now and figure your freight bills, and you will at once see that it pays to buy from your near-by

WHOLESALE GROCER

We carry at all times, a large and complete stock of Heavy and Fancy Groceries, Linsseed Oil, Lewis White Lead, Roofing, Nails, Etc., in Carload Lots

We Solicit Your Business.
