EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

CHOWAN COLLEGE

One of the most important social events of Chowan College is the annual reception given by the Junior class in honor of the Seniors.

The reception this year was given Tuesday evening, April 11th, at eight o'clock in the Alathenian and Lucalian Society Halls. The rooms were beautifully decorated in Japanese effect, cherry blossoms, poppy, Japanese parasols and lanterns gave the predominance of real Japanese scenery.

At about 7:45 the young men guests began to arrive. They were met at the front door and ushered into the waiting room by Misses Hilda Matthews and Catherine Fleetwood, who were dressed in Japanese costumes. From the waiting room, the guests were conducted to the Alathenian hall where they were presented to President Vann, who was at the head of the long receiving line, composed of the faculty, Juniors and Seniors.

As soon as the receiving line was broken up, each boy chose a partner and played a visit to the lovely, wistaria decorated booth, where delicious punch was served by two Japanese girls. Five other Japanese girls then came in and gave a Japanese dance and song.

After this, little Evelyn Davenport, the Junior mascot, who was dressed as a little senior in black cap and gown brought a tray to the young men guests, from which they drew a card with a number upon it. They then found the girl who held a card corresponding with theirs. After several minutes conversation the boys were asked to retire to the Lucalian hall while the girls remained in the Alathenian hall. Blue and white ribbons were extended from the two rooms. By drawing these ribbons, each boy received a girl who had the other end of his ribbon. After each couple had talked a while, waiters came in and served delicious ice cream and cake. By this time it had grown late so the guests departed, declaring they had spent a most enjoyable evening.

AIR "CHATTER" NOW POPULAR

Wireless Telephone Receiving Stations Are Rapidly Growing in Number.

MILLIONS BY END OF YEAR

Washington Keeps No Record of Receiving Stations, but Officials Estimate They Number Will Soon Be in Existence.

Washington.—Before the end of 1922 there will be installed throughout the United States a minimum of 1,000,000 receiving apparatus to pick up the "chatter" that is being broadcasted daily through the air by radio, so government officials in Washington estimate.

No license and no record is required of receiving stations and there is no way of knowing just how many there are, but where there were only about 25,000 a year ago it is believed there are at least 200,000 now, and of that number fully half have broken into the radio game in the past thirty days.

Developing Radio Operators. Washington has never witnessed anything like the way the wireless telephone has caught the imagination of the American people. All such matters come under D. B. Carson, commissioner of navigation in the Department of Commerce, Washington, who is literally deluged with applications for licenses for sending stations, especially the big broadcasting plants.

The big growth has come within the past month since the few successful demonstrations on a large scale of the wireless telephone. Prior to this the department conducted propaganda to interest amateurs to break into the game, so the nation would have a reserve of radio operators who knew the game. Now it can hardly answer the thousands of queries that come in.

Manufacturers of receiving apparatus for the wireless telephone report that they cannot begin to fill the orders and are doubling their output every few weeks, while the turning out of homemade apparatus is being undertaken by the inventive American boy.

Farmer Will Benefit Most.

As government officials in Washington see it, perhaps the biggest benefit from this new and marvelous development will accrue to the farmer in reducing his isolation. Some months back the Department of Agriculture began broadcasting market reports through postal stations at six points. Since then three state universities and a half dozen newspapers have taken up the proposition.

POSTAL IMPROVEMENT WEEK IS OBSERVED

May 1 Sees Inaugurated First General Campaign of Kind in Service.

Without the Postal Service, business would languish in a day, and be at a standstill in a week. Public opinion would die of dry rot. Sectional hatred or prejudice only would flourish, and narrow-mindedness thrive.

It is the biggest distinctive business in the world and it comes nearer to the innermost interests of a greater number of men and women than any other institution on earth. No private business, however widespread, touches so many lives so often or sharply; no church reaches into so many souls, flutters so many pulses, has so many human beings dependent on its ministrations.

"Postal Improvement Week" has been set for May 1, by the Postmaster General. This is the first general campaign of its kind in the Postal Service for several decades. Business men and their organizations, large users of the mail, newspapers, motion pictures, advertisers, and the entire organization of 325,000 postal workers are to be enlisted in this country-wide campaign of interest in postal improvements. Your help is vital. Address your letters plainly with pen or typewriter. Give street address. Spell out name of State, don't abbreviate. Put your return address in the upper left hand corner of envelope (not on the back) and always look at your letter before dropping in the mail to see if it is properly addressed. This care in the use of the mails is for your benefit and speeds up the dispatch and delivery of mail matter.

If you have any complaints of poor service make them to your postmaster. He has instructions to investigate them and report to the department.

COURTESY

It sticks in human relations like postage stamps on letters. The POST OFFICE DEPARTMENT expects it to be used by its postmasters and employees in dealing with the public.

Help them in its use beginning with POSTAL IMPROVEMENT WEEK, May 1-6, 1922.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

"Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.
