COLERAINE BEACH OPENS FOR SUMMER MONTHS

The Pleasure Beach, at Coleraine, will open Sunday, May 28, under new management, Messrs. M. R. Smith, and J. L. Tredathan. Many new and extensive improvements will be made to the service and amusement facilities, for the added convenience of patrons of the beach. An up-to-date lunch counter and refreshment booth will be a feature of the new service. In addition, a thoroughly up-to-date bath house, much larger than the one of the past season, will be open for the convenience of the surf bathers and other patrons of the bathing facilities of the beach. The old bath house will also be operated, thus making two, and adding materially to the capacity of the beach in furnishing the most favored and excellent amusement place and bathing beach on the Chowan river. The attention of the public is called to the new services offered by the management for the coming season, in the way of a place of amusement, equal in many respects to large summer resorts, at an easily accessible point, Coleraine. Under the new management, the patronage of the Beach for the oncoming season is expected to exceed that of any previous summer.

HIGH SCHOOL PRINCIPAL MOVES TO WILSON

Professor N. Wright, for two years principal of the local high school, left with his family Wednesday for Wilson, where they will make their future home, Mr. Wright having accepted a position with the Wilson High School for the ensuing term. The loss of Professor Wright to the people of Ahsokie, is viewed with regret; his departure means a distinct loss to the people of Ahsokie, and more still, to the school, which he built up to such an extent during his principalship here, for the past two seasons. The best wishes of the entire student body of the Ahsokie High School are extended to Mr. Wright, in his new position. The cherished plans of Prof. Wright, nearly all executed before the close of the past term, namely, a bigger and better library, more laboratory equipment, and a bigger and better High School, will in all probability be carried out by the newly elected principal, Prof. K. T. Raynor.
