DEATH OF MRS. A. P. SEARS

Just sixty one years ago; the Lord sent a little sunbeam to earth and chose for its abiding place, Union, N. C., and made it in the person of Annie Pearl Wynn. The little sunbeam began to grow and to throw its rays of light among its many friends, lighting up many sad hearts in time of trouble and brightening the way of others as the years passed on. As she grew older she used those years as steps Heavenward, marking each successive year with many good deeds; and thus the little sunbeam grew into a beautiful and useful life, she did not wait that she might enjoy the pleasures of sin for a season and then offer the Heavenly Father the remnant of her life, but she consecrated her life to God in early childhood and joined the Union M. E. church where she remained a beloved and consistent member until her death.

Mrs. Sears was the only child of J. Thomas and wife Sarah Wynn. She was a member of one of Hertford County's oldest and most prominent families. Mrs. Sears was educated at the Methodist College for women at Murfreesboro, N. C. and from there went to Staunton, Va., where she graduated with high honors. In the year 1883 she was happily married to Dr. William H. Sears. To this union was born six children, all of whom are living except one, McKendree, who died in early childhood. She had two sons, Carl and Worth Sears of Conasha, Wisconsin; one daughter, Mrs. H. J. Brown and two sons who lived in Union. They were all at her bedside during her illness which was of two months duration, having been stricken with paralysis on the fifth of May and departing this life on July 7, 1922.

All that could possibly be done to relieve her suffering and to stay the hand of death was done, but of no avail; for God in His infinite wisdom has seen fit to remove her from our midst; and leave her earthly work to others, "And may we be inspired by her beautiful example to press forward to mark for the high calling which is in Christ Jesus our Lord.

The funeral services were conducted at her home Saturday afternoon by her pastor, Rev. R. M. Price and amidst a concourse of sorrowing friends she was laid to rest in the family cemetery by the side of her husband who preceded her to the grave fourteen years ago. The floral offerings were many and beautiful. Active pallbearers were; Attorney E.

HOME COMING DAY

On Thursday, July 20th, the third Quarterly Conference for Ahsokie charge, Methodist Episcopal Church, South, will convene at Lewiston church. Let every Methodist on the charge bear in mind that this is "Home Coming Day" for the charge. It is the desire of the pastor in charge and the Presiding Elder that every Methodist arrange to be present on this day. We desire to make the very best report possible on every phase of the work on this day. In addition to the membership the public is invited to all these services. Again let every Methodist remember the date and place and arrange to be present.

M. F. HODGES, Pastor.
Ahsokie, N. C., July 11, 1922.

From all sorrow and all pain
From all labor and all gloom;
Just a stepping, oh so gently
To the Master's other room."
She hath done her work so faithfully,
She so well the race has run;
I am sure that she has heard
Best of all his sweet "well done."
In her crown there must be stars,
Placed there by her work each day,
As she passed along the subeams,
To make bright another's way.
She's not gone, nor has she left us;
From our hearts she'll never roam;
Lives she yet, an inspiration,
In our work and in our home. V.

**IN HATS FOR OUT-DOORING
FABRICS ARE FAVORED**

In the assemblies of hats for sports and pastime wear, what are known as fabric hats, if we include summer felts, outnumber those of straw and millinery braids. They are made over flexible foundations usually, although stiff frames are also employed and often brims are rigid but the crowns soft. Women have shown an appreciation of adaptable shapes, that is, those in which the brim is flexible enough to be changed a little to suit the wearer's face, and this is one reason for the popularity of light summer felts. For real sports wear they are almost unrivaled, as the brim can be turned up or down as the light demands.

The hats shown in the group pictured above may be classed as "pastime hats." They occupy a place between the sports hat and the tailored street hat—which they supplement in the summer time. A flexible model at the top of the group is made of a rough, soft, silk-fiber braid and is a great favorite, shown in many colors. Workroom-made ribbon flowers and foliage are sewed flat to its crown.

The smart, soft hat at the left, below it, is covered with satin with stitchery of colored silk thread in cobweb and floral designs all over it. It has a rigid brim with upturned edge. The hat at the right is made on a similar foundation, but employs an out-dooring silk crepe both as a covering for the frame and for the trimming which is made of crepe-covered cord. Knitted silk and angora yarn make the jaunty off-the-face model that strikes a new note, and a light felt shape, adorned with cut-out felt squares in a darker color, shows its eligibility to the family of pastime hats, although it may not be classed among fabric hats.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. M.

**Date of Opening Tobacco Market
Changed to Thursday August 17th.**

At a meeting of the Tobacco Association of the United States held in Richmond last week, it was decided to put off the opening of All Markets in Eastern North Carolina one week. The Tobacco Association of the United States is composed of Manufacturers, Brokers, Dealers and Warehousemen; Men who created a world wide demand for your tobacco.

I attended this meeting and after talking with Big and Little men in the tobacco business, in sections where the co-operative plan has been trying to work, I feel:

"If I Have Said or Done Anything to Keep One Man From Signing Away the Rights to His Tobacco for Five Years, I AM GLAD OF IT."

BE SURE YOU KNOW WHO YOU ARE DOING BUSINESS WITH

You can judge what a man will do for you in the future by what he has done for you in the past. Has any one who has tried to get you to sign away your tobacco ever helped you in the past?
