

**HERTFORD COUNTY ROAD COMMISSIONERS MEET**

Proceedings of last meeting read and approved.

The committee appointed to repair Murfreesboro bridge was continued until next meeting of the board.

The board discussed the matter of working a construction crew for the purpose of building new roads only, and upon motion and carried it was voted that the Superintendent be given authority to purchase the necessary mules and what additional equipment is needed and is instructed to start this construction work at once.

On motion and carried, J. R. Willoughby is relieved of all road duty for the year 1922 on account of his physical condition.

Pursuant to a petition presented at meeting of June 15th, with reference to abandoning Boone's Bridge, this question was taken up by the board; representatives of Kirby township, Northampton County, through the road commissioners of said township appeared and presented a petition signed by some tax payers of both said Kirby township, and Maney's Neck township, requesting that said bridge be repaired and kept open, and also made proposition to the board that said Kirby township, Northampton County was willing to rebuild said bridge and to pay 50 per cent of its cost and maintenance: The board of road commissioners after considering the matter, upon motion and carried, voted that in their opinion the public interest of both counties did not justify the rebuilding of this bridge, and voted that so far as Hertford County was concerned that it be and is hereby abandoned.

The jury appointed to assess damages to property of Isaac Pipkin, Murfreesboro township on account of road construction, made report to the board allowing said Pipkin the sum of \$200.00 for said alleged damages; the board voted unanimously to disapprove this report, and to decline to pay the same, it being, in their opinion, excessive.

The board upon motion and carried, voted to give B. N. Sykes and Dr. W. B. Pollard the authority to investigate and purchase necessary creosoted timber for the Wiccacon bridge.

It was moved and carried by the board, that Superintendent Hines be given instructions to have the road in Maney's Neck township from the Virginia state line to Murfreesboro straightened as far as practical.

**BIG EATERS GET KIDNEY TROUBLE**

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
