## TUNIS HAPPENINGS

Mrs. E. F. Kirby, at this writing is reported to be able to sit up just a short while at a time by being supported.

Some excitement as well as amusement last Monday afternoon when Herman Bush was charged with glapping Mamie Spruell, both colored. It was thought by constable Parks that Bush was trying to make his get-away so he did not hesitate in summoning G. R. King and Paul Harris to assist in the finding and arresting of him. But in the meantime when he was found by a wide awake bunch he was on the job at work. He was taken into custody and brought before Mayor D. F. Eure, and both were fined \$2.50 and costs.

Very sorry to report that Mr. Willie Parr, foreman of the A. C. L. coal station at South Tunis, was seriously injured Monday afternoon, the cause resulting from his foot slipping while he was on the top of a car of coal and falling on a pile of coal about twelve feet below. It was reported that both knees were unjointed. His arm and hand was badly gashed by the coal and his head jarred so that he could not move it and a small cut under the chin.

The Rev. Mr. Dunkins of Winton was with us Sunday night to preach for us. His sermon was deep and clear, and was enjoyed by a large crowd, and lots of interest was manifested.

Messrs. Henry Lee and Riddick, spent Saturday night and Sunday in Ahoskie.

Mr. E. L. Spivey, who is now at Speed, was in town again Sunday visiting his mother.

## GATES FOR MAIN STREET CROSSING

Believing that safety of pedestrians and vehicle traffic demands more protection at the Main street crossing in Ahoskie, the town council voted Tuesday night to request the Atlantic Coast Line Railroad to erect gates at once. For some time members of train crews have flagged this crossing while shifting. However, there is always the danger of through trains the cause of causing a more or less serious accident.

A committee from the chamber of commerce presented the appeal to the council, asking that gates be erected. The directors of the chamber expect to work with the council in furthering other movements beneficial to the town's progress.

## Many Millions Lost Annually by Check Raising

It has been reliably estimated that from thirty to fifty millions of dollars are being stolen annually from bank depositors who do not protect their checks.

It may never have happened to you—yet your next check may be raised.

It is next to impossible to write a check that is safe, unless protected with a modern device.

Remember—that in these days, every class of crime is constantly increasing and an unprotected check is a dangerous asset.

No matter to whom you give your check it is not safe for it may be transferred to another party or stolen from the mail or get into the hands of a dishonest employee, who by using a few drops of acid or by clever pen changing can make over your check so that you would scarcely know it.

Do you know that your signature represents every dollar that you are worth? Is it not worth a few dollars of your money to protect it?

Don't put this matter off another day—but write for interesting literature on check protection. It does not obligate you at all. A post card will do.

We can supply you with any standard make of check writer or protecting device for half price or less.

An attractive proposition offered to live wire local salesmen.

## WANTED

BUYERS FOR FARMS, TIMBER LANDS AND CITY PROPERTIES AT GREATLY REDUCED RATES, 30 TO 50 PER CENT OFF 1919 PRICES WITH EASY TERMS FOR SALE

100 FARMS 100  
LOCATED IN A RADIUS OF 30 MILES OF SUFFOLK, VA ACREAGE RUNNING FROM 10 TO 1,000 EACH FARM

Have the finest tobacco lands in Virginia and North Carolina, also cotton, peanuts, corn and general cropping lands, finest trucking and orchard lands in Virginia, on Nansemond river and her tributaries. Nearly every one of these trucking farms have their own wharfs, shipping direct by water to Norfolk, Baltimore, New York and other markets, thereby reducing shipping expenses.

Also the choicest of grazing and stock growing lands. These truck and stock farms have marl beds to supply and keep them fertile. Water as fine as can be found in Eastern Virginia and North Carolina. Uncle Sam and the City of Norfolk have spent millions of dollars on four lakes carrying water to the City of Norfolk and the Naval Base, 30 miles through pipes to Portsmouth and under the Elizabeth River, which bespeaks volumes for the estimate placed on our beautiful country and climate by Uncle Sam's Engineers and the general public.

In Suffolk—We can show you one hundred and fifty properties for sale. Seventy-five homes and numerous business stands, warehouses, garages, stables, wharf property on Nansemond River, Factory sites with railroad frontage and dozens of vacant lots for residences and business stands in all sections of the city. We invite men of ideas, energy and money to be our neighbors.
