

DEMOCRATS WILL HAVE FULL COUNTY TICKETS

Ballots For County Are Being Printed—Must Register This Week

The Democratic Party has added two new candidates for county offices. The county executive committee has named A. T. Newsome of Winton candidate for surveyor, and Dr. L. M. Futrell of Murfreesboro, candidate for Coroner. For several years Hertford County has had neither surveyor nor coroner, there being little work for either officer to do.

However, when the Republicans assembled in Ahoskie some time ago they decided to nominate a full county ticket, and included in their list of nominees candidates for the two offices which have been neglected. This action on their part gave rise to thoughts of semi-Republican administration in the County, something unheard of in late years. The Democratic executive committee has removed all probability of any Republican being elected to an office in Hertford County by naming the two candidates.

The registration books will close next Saturday at sundown, and registrars are urging that all voters register in time to qualify for the election on November 7th.

E. J. Gerock, chairman of the county board of elections, has placed the order for ballots, and expects to distribute them to the six polling places the first of the coming week. In addition to the senatorial, judicial, county and township offices to be filled at the election, there will be a test vote in this county on the appointment of a commissioner from Manays Neck Township to serve during the next term of office.

The two tickets, Democrat and Republican, to be voted on, November 7th, are as follows:

TAXPAYER BELIEVES COMMISSIONER WRONG

Ahoskie, N. C., October 22, 1922. Editor Hertford County Herald.

Dear Sir—I have seen so much about roads of late, I want to ask for space in your paper to say just a few words for the taxpayers to look over.

In the beginning, I will say I did not vote for the road bonds, but now we have them, I think it is up to the people to get what roads we can for the money, and I have decided a bond issue is the only way we will ever get them. But I want to ask "who is responsible for the recent clash between the Road Commissioners and the road superintendent?" I have heard all the commissioners except the man at Harrellsville say they did not believe they could get a man in North Carolina to fill Hines place.

But all at once one Commissioner calls two other Commissioners and tells them we are to have a special meeting on Wednesday—very important. This same Commissioner takes his automobile, drives nine miles to get another Commissioner and these two drive twenty-four miles to ask the Chairman to call a meeting. The meeting was called. The Secretary was instructed to tell Hines to step out without a hearing at a meeting in the Grand Jury room behind closed doors.

The Board's attorney was asked if such a meeting was lawful. His answer was that it was his opinion that certain circumstances would justify a secret meeting. This is Mr. Boone's opinion. What about the opinion of 95 per cent of the taxpayers of the County? What is their opinion? Public opinion is law written or unwritten.

Even though every charge they had against Hines had been true, it would have been the same, every member of that Board signed a contract giving Hines absolute control of all roads and all equipment that they had any jurisdiction over. If there is anything to a contract, Hines has a right to move every mule, man, and his camp to any township he may wish and keep them as long as he wishes.

Three Commissioners say he is spending too much money. It's strange they waited a year and a half to find it out and he would have spent ten thousand more if he could have gotten the cars to have hauled the gravel that this Board instructed him to use. No they have not got the money to spend but I see they bought a car load of steel bridges and passed an order for Hines to have them put in at once—all to be built with concrete, abutments and piers. That is right—just the thing to do; but before he can get the bridge at Liverman's Mill, there will be danger of concrete freezing. If this concrete freezes, will Hines be to blame for this? The bridges cost around two thousand dollars; the cement will cost about twice as much. The steel is to be delivered in 30 and 60 days. What I want to know is, is Hines spending the money or is it this Board? No matter who it is spending it, Hines was entitled to a hearing. I hear they held this job open four months to get him.

He gave up a position where he was giving satisfaction and they were so anxious for him they never even put any limit on the time they hired him. Just for a term of years. This same board wanted to pass an order to have the chairman and secretary sign a lot of checks that he might have expense money from one pay day to the next. This order was not passed for the reason that Hines refused to take the signed check, saying he might not decide to steal ten or fifteen thousand dollars, but he might lose the checks and the fellow who found them might need money.

If they wanted to have a secret meeting, why did they not keep it secret from all the state papers as well as those out of the state?

I hear of lots of damage suits but if this is not a chance for a damage suit I don't know the reason. Again I ask the taxpayers of Hertford County "who is responsible for this controversy and disgrace to any county—the Road Commissioners or the Road Superintendent?"

Respectfully yours,
A TAX PAYER.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter. . . consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Thedford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Thedford's Black-Draught? If not, do so today.
