Annual Red Cross Roll Call Will Be Held In November

The Annual Red Cross Roll Call will be held November 11-30 this year. During that time every person who is now a member of the Red Cross will be asked to renew that membership; and those who are not members will be given the opportunity to contribute to this great organization, through the payment of annual dues.

Mrs. W. L. Curtis, Mrs. D. L. Myers, Mrs. Hallie Baker, and Mrs. R. R. Coepland have been appointed to solicit membership in Ahoskie and vicinity. This is purely gratis work on the part of these ladies, and carries with it no compensation other than the consciousness of a duty performed for an organization that has an enviable record of achievement both in war and in peace.

Harry L. Hopkins, Manager, Southern Division, American Red Cross, in announcing the appointment of these women, makes the following appeal:

"It is impossible for me to meet all of you personally as I should like to do, but I am enabled to say to you through the courtesy and co-operation of the Hertford Herald.

"Tell the local committee that you will help with the Roll Call in your neighborhood, or that you will renew your membership.

"Your Red Cross Chapter is or should be one of the forces for the progressive betterment of your county, but your Chapter and the national organization are dependent upon public support. Locally and nationally, Red Cross officers will appreciate your active cooperation and pledge you their best efforts to keep the organization faithful to its obligations to disabled soldiers and in its many other services to the country."

SUFFERING?

Most of the pain we suffer is unnecessary. Why continue to endure it—to sacrifice your youth, beauty, and enjoyment to it?

The combination of simple harmless medicines found in **Dr. Miles' Anti-Pain Pill** is especially effective in relieving pain without bad after-effects.

For more than thirty-five years sufferers from headache, neuralgia, backache, toothache, sciatica and pains from other causes have found relief by taking these pills. Why don't you try them?

Many Millions Lost Annually by Check Raising

It has been reliably estimated that from thirty to fifty millions of dollars are being stolen annually from bank depositors who do not protect their checks.

It may never have happened to you—yet your next check may be raised.

It is next to impossible to write a check that is safe, unless protected with a modern device.

Remember—that in these days, every class of cirma is constantly increasing and an unprotected check is a dangerous asset.

No matter to whom you give your check it is not safe for it may be transferred to another party or stolen from the mail or get into the hands of a dishonest employee, who by using a few drops of acid or by clever pen changing can make over your check so that you would scarcely know it.

Do you know that your signature represents every dollar that you are worth? Is it not worth a few dollars of your money to protect it?

Don't put this matter off another day—but write for interesting literature on check protection. It does not obligate you at all. A post card will do.

We can supply you with any standard make of check writer or protecting device for half price or less.

An attractive proposition offered to live wire local salesmen.

100—FARMS—100

LOCATED IN A RADIUS OF 30 MILES OF SUFFOLK, VA
ACREAGE RUNNING FROM 10 TO 1,000 EACH FARM

Have the finest tobacco lands in Virginia and North Carolina, also cotton, peanuts, corn and general cropping lands, finest trucking and orchard lands in Virginia, on Nansemond river and her tributaries. Nearly every one of these trucking farms have their own wharfs, shipping direct by water to Norfolk, Baltimore, New York and other markets; thereby reducing shipping expenses.

Also the choicest of grazing and stock growing lands. These truck and stock farms have marl beds to supply and keep them fertile. Water as fine as can be found in Eastern Virginia and North Carolina. Uncle Sam and the City of Norfolk have spent millions of dollars on four lakes carrying water to the City of Norfolk and the Naval Base, 30 miles through pipes to Portsmouth and under the Elizabeth River, which bespeaks volumes for the estimate placed on our beautiful country and climate by Uncle Sam's Engineers and the general public.

In Suffolk—We can show you one hundred and fifty properties for sale. Seventy-five homes and numerous business stands, warehouses, garages, stables, wharf property on Nansemond River. Factory sites with railroad frontage and dozens of vacant lots for residences and business stands in all sections of the city.

We invite men of ideas, energy and money to be our neighbors.
