### CHAMBER OF COMMERCE

What A Chamber Of Commerce Stands For

To get the business men of the city and farm pulling together.

To raise the standard of doing business.

To develop the entire community.

To encourage the physical improvement of the city.

To inspire good citizenship.

To obtain good government.

To render service of value to the farmer and citizens.

To make the city a better place in which to live and do business.

To be ready to serve in any emergency.

### Is It Worth While And How?

In friendship gained;

In widened horizon of vision

In sympathies broadened;

In community development

### Clean-up Campaign

The Chamber of Commerce will inaugurate a campaign to clean up the streets, alleys and vacant lots of the city immediately. Nothing adds to the attractiveness of a city more than cleanliness. If it is possible to prevail upon the owners of certain property to use some paint upon their buildings it will not only enhance the looks but really increase the value of them and naturally preserve them as historical land marks—depicting the time when AHOSKIE was a crossroads.

### An Unpardonable Sin

To live in a town:

To make a living off of it, or out of it;

To educate your children in it;

To get everything you possibly can out of it; and put absolutely nothing into it.

### Trade Day

The merchants will arrange to hold a trade day in Ahoskie every month, when the farmer can bring any farm produce, implement, or animal in, and either auction, trade or sell it. The stores will have on exhibit articles of special interest to the farmer, his wife, daughter and son at a special price. It will be known as the Farmers' Day and will be a means of the farmer meeting his friends and neighbors to exchange views on matters of interest to them.

The merchants will have speakers here to talk to the farmer upon subjects of importance—the County Agent will assist in arranging an agreeable program.

A full program of the work of the Chamber for the ensuing year will be published in an early issue.

### Cabbage Plants

Best variety, early Jersey, Wakefield. Ready to transplant. Less than 500 at 25 cents for 100. 500 or more, \$2.00 per 1,000.

### Take Salts to Flush Kidneys

Eat less meat if you feel Back-  
achy or have Bladder  
trouble.

Too much meat may form uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Big meat eaters can flush the kidneys occasionally to relieve them like they relieve the bowels, removing all the acids, waste and poison, else they may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad they have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.
