The arrangement of the debators is rather unique. The affirmative team is composed of two girls and two boys, two members of the Junior class and two members of the Senior class, two members of the Hesperian Literary Society and two of the Columbian, while the negative team is composed in the like man-

Although defeated by a slight margin-only one field goal- in the basket ball game with Winton High Thursday, the score 10-8 is "slightly different" from the scores 26-7 and 24-6 by which Ahoskie High School was defeated by this same school last season. This means that our team has been strengthened materially or the team of Winton High has been Holloman weakened considerably. The secret is practice, not that Winton has been weakened by the loss of Dickerson for Ahoskie has also lost White and R.

It must be remembered that this game was played on Winton's court, the Ahoskie boys naturally not being loman, 2, Downs, 2, Knox, Brett, accustomed to the goals.

The Winton boys will play a return game this week on the Ahoskie court and if "The Warwhoop" dope is not upset, the bacon will remain at home. But in this year when football dope has its worst upsets and probably basket ball dope the same, we do not prophesy as we should like; but all we say is that we are expecting a rousing victory for A. H. S.

We have noticed that lately, the literary societies of A. H. S. have not shown the spirit of "pep" and enthusiasm which characterized their beginning. The Hesperian Literary Society, however, is an exception and we are forced to admit from all accounts and hearsays that they must be showing considerable improvement. The Columbian Literary Society, although containing a wealth of excellent material, has not measured up to our expectations, but in the very near future, we can give the 'Hesperian a clear warning: "Make room for the Columbian and content yourselves to a lower round."

We are quite sure that within a few weeks, the Hesperian will lead a merry chase in an attempt to surpass the Columbian.

Winton Defeats Aboskie

The basketball teams of Ahoskie and Winton played a very close and interesting game on the court of the latter Thursday afternoon, November 2. The score stood 10-8 in Winton's favor when the timekeeper blew the signal that marked the end of the game. The teams were both slightly off, this being the first game each team has played this season. Both teams appeared about equal in ability, neither being able to throw a foul goal. Both teams showed good spirit and good teamwork; neither attempting any star plays. people of Winton were lavish in their praise of the Ahoskie team. Throughout the entire game Ahoskie made no kick against any decision of the referee. They play clean ball all the time. Below is a summary of the

We noticed in Sunday's Virginian-Pilot that Drivers team recently defeated the Kings Fork High school team to the tune of 65-4. In this game, according to the Pilot, White threw a large number of goals from "difficult angles."

"THE LOVES OF PHARAOH" MOST GIGANTIC PIC-TURE PRODUCTION OF DECADE

With 112,000 Men and Women Taking Part in Battle Episodes, It Ranks Among Pictures to Date

More persons are said to appear in "The Loves of Pharoah" than in any other motion picture ever made. The spectator sees 112,00 persons in this, most tremendous production directed by Ernest Lubitsch, creator of "Passion" and "Deception." When Mr. Lubitsch announced at a luncheon in New York, that 112,00 persons appeared in "The Loves of Pharaoh," some of those who heard him were frankly skeptical. That was far more than were used in "Passion," "Deception" and "The Birth of a Nation" combined.

Mr. Lubitsh turned for corroboration to his manager, Paul Davidson, who showed a receipt from a theatrical agency for its commissions for furnishing 112,0655 extras during the filming of the Paramount picture "The Loves of Pharaoh," which will be the feature at the RICHARD THEATRE next FRIDAY and SAT-URDAY.

A sale of 68 of carefully selected Jersey cattle will be held at the Selwyn Farms near Charlotte on November 9th. These cattle carry some of the best blood lines of the breed and information about them will be gladly furnished by Prof. R. H. Ruffner of the State College at Raleigh.
