SURPRISE PARTY

The Junior Wesley Bible class of the Methodist Church gave a delightful surprise party at the home of Mrs. J. Godwin on Tuesday evening. The party was given in honor of their Sunday School teacher, Miss Thelma Jewell. After the guests assembled contests were given and prizes awarded for same. Marshmallows were toasted and fruit salad was served. After the party the class had a short business meeting.

FOUNTAIN WRECKED

The public watering place in Railroad street was temporarily put out of commission last Monday when some fellow hitched his reins to the spigot. The water pipe was damaged when the horse yanked on the reins. It has been repaired.

SPEND DAY IN WINDSOR

Chster O. Harris, secretary of the chamber of commerce, and attorney W. R. Johnson spent Tuesday in Windsor. Superior Court is in session this week and Attorney Johnson was in attendance. Secretary Harris conferred with Windsor and Bertie folks on the organization of a Two-County Fair to be held in Ahoskie.

BUILDING TAKING SHAPE

The new galvanized tin warehouse building being erected at the corner of Railroad and First streets by C. S. Godwin is about half completed. The frame work has been finished and storm sheeting added. When completed it will be used as storage warehouse for the Barnes-Sawyer Grocery Company.

WAREHOUSE WILL CLOSE

Friday will be the last day the tobacco warehouse operated by J. W. Emerson & Sons Co. will be open this season. The management announced two weeks ago that it would be necessary to close down in order to return to Greenville, Tenn., for the season there.

REPAIRING TELEPHONE WIRE

Clyde Northcott was in Ahoskie Monday repairing the phone wires of the Roanoke & Chowan Telephone Company. The wires running over the A. C. L. Railroad track had been badly corroded by the smoke and steam of the passing engines. New sections of wire are regularly required to replace the corroded wires.

Within the short time he has been here all of the churches in his charge have made steady progress, in Ahoskie he has done great work; and is planning to erect a handsome new church building. Rev. S. E. Mercer will again be the Presiding Elder of the Weldon district.

SEVENTH GRADE GIVES TEACHER SURPRISE PARTY

Powellsville, Nov. 22.—Miss Laura Leigh Riddick, principal of Powellsville Graded School went to the school building Friday night to rehearse a play.

Much to her surprise she found her class-room rearranged and tastefully decorated with potted plants.

In a few minutes in rushed the seventh grade pupils; Carrie Bell Ruffin, Edith Harrell, Fannie Morris Wynne, Annie Holloman, Bonnie Belle Wynne, Laura Askew, Laura Deans Freeman, Blanche Holloman, Alphonso Early, Robert Mitchell, Lewis Overton, Milton Early, James Parker and Harold Sessoms chaperoned by Mrs. C. T. Wynns.

Soon all were enjoying games and in what seemed a very short time hot chocolate and wafers were served. Then the games continued and everyone played until Mrs. Wynns carried in a very large serving tray laden with apples, oranges and bananas.

The occasion was quite an enjoyable one and just before going to their homes Miss Riddick tried to express her appreciation for the love and the kindness of her most loyal and devoted pupils.

CHAMBER OF COMMERCE NEWS

The Board of Directors met Thursday evening, November 16th in a very interesting session. The hotel situation was thoroughly canvassed and action taken on two propositions by outside interests, and from all indications Ahoskie will enjoy a modern hotel in the very near future.

The Secretary was instructed to address an invitation to Mr. Frank Page to visit Ahoskie and obtain actual knowledge of road conditions thereabout, and also to address a similar letter to Mr. Hart, the district chairman, and these matters have been attended to.

Report of the Secretary on his trip to Raleigh was read and approved and the Chamber goes on record as favoring the Ports Commission Bill.

The Secretary was instructed to buy office equipment.

A general meeting of the Chamber was called for Monday night, November 20th.

Road Signs

The Chamber of Commerce has just closed an order with the Lynchburg Sign Corporation for fifty (50) large signs reading "It pays to buy and sell in Ahoskie—Chamber of Commerce" and at the bottom of each sign is the name of different merchants who have taken these signs. These signs will be placed on the five roads leading into Ahoskie and will extend as far away as 20 miles, thereby covering a territory of 100 miles. Roanoke Rapids, Rocky Mount, Raleigh, and other progressive towns of the state have identical signs which shows that Ahoskie is just as progressive and just as interested in building up her town.

We are going to see that the fire plugs are flushed more regularly in order to have them ready in case of need. A representative of the power company is in the city now making a survey of the physical conditions of this and other plants and will submit a report to the secretary not later than Friday as to the actual cost of producing a certain amount of electrical energy, which report will be of interest to the Chamber and in fact, every citizen of the town.

A letter from the Lindsey Fisheries Company of Southport, N. C. saying that they have three boats, one 36 ton, one 50 ton, and one 200 ton, one of which they would like to install on the Chowan River provided a sufficient amount of freight can be secured to justify the running of same. That matter is being investigated by the Chamber.

The Secretary was in Windsor Tuesday interviewing a number of citizens on Bertie County taking part in a two-county fair to be held at Ahoskie next year, and met with great success as they were all heartily in favor of a proposition of that kind, and the secretary found those good people have a very warm regard for Hertford and its citizens, and will be glad to co-operate with them. The chances are fine for a real fair at Ahoskie next year.

The work of cleaning up the streets is progressing very fast and as soon as they are completed, we are going to see that the vacant lots are cleaned, also the rear of all the business houses, thereby eliminating the fire hazard. We are going to ask the ladies of the town to see that their yards are clean and the rubbish placed in the alley to be hauled away by the city, within the next two weeks. There are a number of foot bridges in the city which need repairing and also certain ditches are to be plowed out in order to eliminate any water standing on the streets. The Chamber of Commerce is having a competent force of men to do this work as they can do it cheaper and more efficiently than by it being done individually; we hope

the individuals will appreciate this fact and will be sufficiently interested in their town to pay the small amount apportioned them as they will only be charged for the work done on their particular premises.

The Chamber of Commerce is taking up with the city authorities the question of more efficiency at the lighting plant and the water works, especially in hauling coal and cinders. At present, there is a machine hauling nothing but coal and it is the belief of the Chamber that instead of wasting half of his trip by running light, that after dumping the coal they can load with cinders and dump those where they are needed on the streets, thereby saving the cost of another wagon or machine.

A brief of the Ports Commission Bill has just been received by the Secretary and will be published as soon as possible.
