**EVENING THINGS UP.**

Wifey — Some-how there doesn't seem to be much Christmas spirit in the air.

Hubby — Well, make up for it by putting an extra lot in the mince pie.

**St. Nick for the Table.**

St. Nick's head is a walnut, his body a rosy apple, his arms are of raisins, his legs macaroni and his shoes Brazil nuts. A hole is bored into each nut to set in the macaroni legs. His beard is of absorbent cotton, his lips of sealing wax, his eyes of apple seeds, while his reindeer are long sweet potatoes with realistic antlers of raisins. A wonderful Santa who serves as a "party" when all the other Christmas goodies are gone! Do you want to make such a St. Nick?—Grit.

**Lady Finger Cakes.**

Mix in order given. Cream butter and sugar; add eggs and milk and beat. Then add the dry ingredients and mix well. Bake in a moderate oven from 30 to 40 minutes in two layers.

**Christmas and Twelfth Day.**

The festival of the Nativity was never held on any other day than the 26th day of December. The ancient observance of the feast, however, continued for 12 days, or in ecclesiastical language, "an octave and a half," other festival days having an "octave" or eight days of observance only. Hence, the last day of the feast was termed Twelfth day, Little Christmas (among the French) and Old-Christmas day in some parts of England. It was in 818 A. D. that the Epiphany was first celebrated as a distinct festival, at the end of the Christmas celebration proper. The day has its own observances, twelfth day cake, king of the feast, the mystical bean in the cake, etc., etc., but is now usually celebrated as "Le jour de roi," by the French people, or as the festival of the Epiphany, the Greek word for manifestation of Jesus Christ to the Gentiles.

**What The Community Fair Does For Our Community**

Sarah Leigh Vick, of the Menola High School, won two first prizes on her composition which is printed below. At the Hertford County Fair and at the Menola Community Fair, prizes were awarded to her for setting out the benefits derived from the popularized community fair. The composition is as follows:

What good is a community fair to a community? What does our community fair do to us? It brings the people together into one body, where they learn co-operation.

Our fair each year helps us in the following ways. First, officers are elected, for the purpose of building an outline for the fair. This gives a chance to develop personal originality. Then we, the community, go by this outline. Second, it shows what we can do. And what we are doing at home. We can pickle, and preserve different things. We make cakes, pies, and other dessert. Some have one way of making things and others have other ways. When we bring them out to the fair, they are put where they can be seen. By this, the different methods of the various people are shown and new ways to cook are learned. Third, we bring chickens and cattle out. This shows what we have and what we are interested in. Fourth, fancy work of all descriptions is brought. The ones that crochet, learn different rules of crocheting. Crocheting isn't all that is brought out. There is tatting, hairpin trimming, old-time bed quilts, and counterpanes and other different things. By bringing this out we show community spirit. And by our drawings, compositions and etc., we show school spirit. All of this goes to help make the community.

All of this shows what good our community fair is to our community. It shows co-operation, good spirit and educational development.

"You haven't been fighting on the way to school, have you?" she inquired.

"No," said John, "we moved yesterday and I had to carry the cat."
