**Santa Is Enroute**  
For two weeks only, twice, for a short while, has good old Sol showed his face around Murfreesboro. Every morning the atmosphere has hung around the earth cold and stiff like a pall—or as Fannie Hurst would say—like the "gray skin of cold soup". Despite the weather conditions, the Christmas spirit is in evidence. The happy anticipation of joy on the faces of the children one sees on the streets proclaims that old Santa is on his way. Moreover, by the time this reaches the Herald, or before, old Sol will probably be out in all his glory to herald the Christmas.

**AN OLD RECIPE TO DARKEN HAIR**

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

the back of an axe, cutting through his lip and badly bruising his face. However, we are glad to report that the injury is healing nicely.

**Christmas Spirit in Murfreesboro**

On account of the recent influenza epidemic in and around Murfreesboro all plans in the line of Christmas festivities such as Christmas trees, banquets, and socials have been abandoned. The outlook now seems to be a quiet anniversary spent at home with peace, happiness and good-will the keynote.

Everybody is getting ready with the holly, cedar and pine, but the mistletoe is hard to find.

We are hoping to put on an enjoyable Christmas program next Thursday night. Although not a large amount of time is being spent on it, we hope to have something that will be entertaining to both old and young. The program has been published and we hope a large number of the patrons and friends of the school will attend.

Along with the Christmas greetings that are exchanged as this happy season draws near, we wish to add our best wishes for all the faculty as well as for the friends of the school, hoping that Old Santa will not forget them, and that they will have a merry Christmas, and a happy New Year.

We are all glad to know that Miss Bailey, one of our grammar grade teachers, who has been absent for several days on account of sickness, is now able to resume her work. We hope that she will continue in good health.

Miss Thelma Jewell, the third grade

teacher, is planning a happy time for her "little folks" next Thursday afternoon. They will have a large Christmas tree with beautiful decorations, the majority of which are being prepared by the pupils. Each child will receive a little stocking containing some gift. At two o'clock a short Christmas program will be given by the members of that grade. The program will consist of Christmas poems, songs and stories. The mothers of the third grade pupils are invited to come out and watch the little people have a happy hour.

We are sorry indeed to report the illness of Miss Louise Buffalo, our first-grade teacher. We sincerely hope that she will soon recover.
