

Speaker Dawson Comes To Rescue Of Mr. Vann On Double-Vote Issue

MR. EDITOR—Just a note to see if I can get myself straight in the mind of some of the people about the Dr. Mitchell two votes. You know I said that the Doctor was within the bounds of the law when he voted twice but have never intended to say that I approved of his action. I thought then and still think that it was lawful for him to have voted twice but one expedient just at that time, and I have not changed my mind a particle since my first note. I tried to give my reason for my position as best I could, and said among other things, that I had never read any parliamentary laws but had served on various political, educational and religious boards for the last forty years and had always been impressed by remarks made by several members of these boards that in case of a tie vote the chairman would have a right to vote twice, and I thought it was very good common sense law, and have been willing to practice it ever since. You and Eley said I was all wrong, which I accepted, as I didn't know any better but still I was not satisfied. I afterwards wrote you what would be the consequence if the Legislature would have a tie vote and your emphatic reply was that the chairman would decide that the motion was lost, which I still did not accept, though I made no objection. Whereupon I wrote to Mr. Dawson, speaker of the House, and I am inclosing his reply to my letter, which I hope you will publish and ask your friends Taylor and Eley to

read it carefully, then jump on Mr. Dawson and show him up as ignorant and an autocrat and let me alone. If there is any reply to this I shall not notice it, as I am too feeble to waste strength in a newspaper controversy. You are the only one of my assailants who had the generosity to say I was entitled to an opinion of my own. After reading Mr. Dawson's letter I hope you all will conclude that there is one more at least who is all wrong and an ignorant autocrat besides. T. E. VANN.

Speaker Dawson's Letter
Raleigh, N. C., February 27, 1923.
Mr. T. E. Vann, Como, N. C.

Dear Mr. Vann—Your letter of February 22nd has been received and today is the first opportunity I have had to reply.

I assure you that I am very glad that you wrote me on the subject as you did, as I am always glad to have any inquiry concerning a subject of interest to the people.

In case of a tie vote in the House, as speaker, would have a right to cast a second vote which, of course, it would always be my duty to do. That would dispose of the motion by a majority of one.

It has been a right interesting session. Many things have been proposed of general interest. We have all done the best we could though, of course, have made many mistakes.

With best wishes, I remain,
Yours truly,
JOHN G. DAWSON.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.
